

Dell
ST2320L &
ST2321L 23"W
Full HD
Monitors with
LED

Stunning front-of-screen experience

Engineered to provide you with enhanced digital content consumption and creation, the ST2320L and ST2321L monitors up the ante by delivering cinematic quality pictures that make watching movies, playing games, and photo editing an amazing experience with a 1920 x 1080 full HD resolution, mega contrast ratio estimated at up to 8,000,000:1, fast response time of 5ms typical (black to white) and a 16:9 aspect ratio.

Environmentally-conscious display technology

Designed to meet high environmental standards, the ST2320L & ST2321L monitors are made of environmentally preferable materials such as arsenic-free glass and mercury-free panels. The LCD panels are also fitted with LED backlights to meet the latest ENERGY 5.0 compliance standards which help you reduce your energy consumption without compromising on performance.

Elegant slim design

Stylishly designed with its bottom front bezel beautifully lit when switched on, intuitive touch controls on the bottom right panel and a slim panel depth, it is no wonder the glossy black ST monitor is a head turner.

Superb connectivity

You can seamlessly connect your monitor with your desktop, laptop, gaming console and other peripherals with the VGA and DVI-D (HDCP) ports. The HDMI port also gives you uncompromised high quality video and audio performance.
