16 DELL SERVICES AND SECURITY

Discover how Dell Technologies Advisors can help you get the right tech for your business.

22 SERVER MANAGEMENT

Simplify operations and save costs by adding scalable servers.

OPTIMIZE PERFORMANCE

Stay productive by staying up to date.

To stay competitive, your business must be able to perform quickly, reliably and securely. The latest technology can help optimize efficiency while protecting you from destructive security threats. Here are steps to take now:

- Upgrade to new Windows 10 Pro devices to receive essential security updates, manage compliance issues and create innovation opportunities.

When you purchase a new product, we'll help you resell, recycle or return to lease your existing hardware in an environmentally conscious manner. We'll also help recycle the packaging. Find details at Dell.co.in/recycle.

REASONS TO REFRESH

88% faster.
Get up to 88%¹ faster productivity performance with an 8th Gen Intel® Core™ i7 processor versus a 3-year-old system.

Convenience.
Face and fingerprint recognition² allow for easier, secure login, and 2-factor authentication with 8th Gen Intel® Core™ processors

More secure.
With Windows 10 Pro, it's estimated that security events requiring IT remediation are reduced or avoided by 33%.³

Faster start-up.
A Windows 10 device has a start-up that's on average up to 28% faster than Windows 7⁴ and 65% faster at multitasking.⁵

UPGRADE YOUR TECH. START HERE.

A. XPS 15. The world's smallest performance 39.6cm (15.6) laptop packs powerhouse performance and a stunning InfinityEdge display with an optional touch screen. Featuring up to a 9th Gen Intel® Core™ i7 processor.

B. OptiPlex 3070 Small Form Factor. Intelligent, sustainably built business desktop essential for speed and productivity in a space-saving design. Featuring up to a 9th Gen Intel® Core™ i5 processor.

C. Dell Precision 5540. Dell's smaller, lighter and more accessible Precision workstation. Built to empower productivity in CAD and other demanding applications. Featuring up to a 9th Gen Intel® Core™ i9 processor.

D. Dell 24 USB-C Monitor - P2419HC. Optimize your workspace with this 60.5cm (23.8) monitor featuring USB-C connectivity, a small footprint and productivity-boosting features.

E. Latitude 5500. World's smallest (39.6cm) 15.6 mainstream business-class notebook lets you get to work faster than ever thanks to its scalable features, powerful performance and ExpressCharge. Featuring up to an 8th Gen Intel® Core™ i7 processor.

F. PowerEdge T440 Tower Server.† Drive a wide variety of office workloads with flexible performance and capacity in a worry-free infrastructure. Featuring up to an Intel® Xeon® Gold processor.

Intel & Microsoft Claims: 1: As measured by SYSmark® 2014 SE comparing 8th Gen Intel® Core™ i7-8750H vs. 8th Gen Intel® Core™ i7-4720HQ. 2: Testing conducted by Principled Technologies in July 2015 in a closed lab environment using OEM factory default images on a representative sample of Windows 7 devices. Each boot test was run 10 times and the averages compared. Average improvement in startup was 28%. 3: Forrester, Total Economic Impact of Microsoft Windows 10. 4: As measured by SEG562, which is an office productivity and multitasking workload using Microsoft Word® (save to PDF), Excel® (recalc), PowerPoint® (slide sort), and NXPowerLiteDesktop® (to shrink contents with office documents, kind of like compression), all while playing video in the background (simulating the watching of a business training or webcast). 5: Intel technologies' features and benefits depend on system configuration and may require enabled hardware, software or service activation. No computer system can be absolutely secure. Check with your system manufacturer or retailer or learn more at intel.com.

†This device has been tested to FCC Class A standards and is intended for use only in commercial, industrial or business environments.

CUSTOMER STORY

healthi reimagines healthcare with cutting-edge technology.

Meet Krishna Ulagaratchagan and Rekuram Varadharaj, entrepreneurs who saw a void in the healthcare system and filled it. Their startup healthi designs smart and meaningful health & wellness solutions that empower users and drive better health outcomes. As a trusted wellness partner of 250+ corporates, healthi has helped over 2.5 million users across 250+ Indian cities make smart decisions about their health.

From the beginning, the Bengaluru-based company had partnered with a Dell Technologies Advisor who helped them ramp up with the right tools. The company's 80+ employees uses Dell laptops and monitors to serve users nationwide.

Being in the healthcare space, privacy is critical to healthi. "Serving, securing and protecting users' data is of paramount importance.

Our infrastructure is based in the cloud and we have robust technology to ensure continuity and data security," Krishna said.

Support is also key and they rely on Dell ProSupport to maximize uptime. "We maintain the highest category of support including Accidental Damage Protection. When the need arose, my display was replaced free of charge," Rekuram said. Over the past four years, healthi has seen exponential growth and has plans to scale beyond India in the future. Their advice to entrepreneurs: "Get partners [and Dell Technologies Advisor] who can become friends with your ambitions," said Krishna.

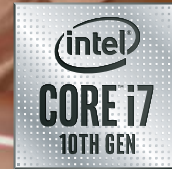

Talk to your Dell Technologies Advisor at **1800-3010-8127**

”

"I like the XPS 13 because I don't have to trade performance for portability."

Krishna Ulgaratchagan, CEO of healthi.

TECH THAT PROMOTES PRODUCTIVITY

Dell Professional Sleeve 13/14/15. Protects your laptop wherever your busy day takes you. The professionally-stylish heather gray exterior is also water resistant to protect your laptop from the weather. Suitable for 13"/14"/15" laptop

XPS 13. The most powerful 33.8cm (13.3) in its class, remastered. Featuring an innovative HD webcam located in the top of the InfinityEdge display and next generation Dell Cinema. With up to a 10th Gen Intel® Core™ i7 processor.

K M117 Wireless Keyboard and Mouse. Give your workspace a modern appearance with the stylish wireless keyboard and mouse. A slim profile with silver accents perfectly complements your PC or tablet, while the wireless design creates a clean look.

Dell UltraSharp 34 Curved USB-C Monitor: U3419W. The curved screen improves your field of view, minimizes reflections and creates near-uniform visual focus. This reduces your eye movement across the screen, so you can work comfortably for longer.

POWER LAPTOPS

Take care of business anywhere.

- Fast, high-performance laptops ideal for demanding workloads.
- Exceptional build quality for durability.
- Power and mobility accessories enhance all-day productivity.

New XPS 13. The most powerful 33.8cm (13.3) in its class, remastered. Featuring an innovative HD webcam located in the top of the InfinityEdge display and next generation Dell Cinema. With up to a 10th Gen Intel® Core™ i7 processor.

To help manage greenhouse gas emissions, we work with our suppliers to help them identify energy efficiency improvements.

MOBILE WORKSTATION POWERHOUSES

UC350 Headset, Bowie, Jabra
Experience exceptional audio clarity while you're on a call or listening to music with the Dell Pro Stereo Headset.

- Optimized in-person call quality and music clarity with HD wideband voice and a dynamic equalizer
- Built-in noise cancelling mic
- Plug and play capabilities
- Tested and certified on Dell systems.

Dell Precision 7740. Put performance where you need it most. Dell's (43.2cm) 17 mobile workstation is our highest performing and VR- and AI-ready. Featuring a 9th Gen Intel® Core™ i5 processor.

Dell Precision 5540. Dell's (39.6cm) 15.6 mobile workstation features next-gen Intel® processors and professional graphics for an immersive work experience and enhanced performance. Featuring up to a 9th Gen Intel® Core™ i9 processor.

Dell Performance Dock - WD19DC. Boost your PC's power up to 210W on the world's most powerful and first modular Dual USB-C dock with a future-ready design.

KM117 Wireless Keyboard and Mouse
The ergonomically designed keyboard and mouse allow you to work in comfort throughout your workday.

- Premium material construction
- Elegant design fit for virtually any workspace
- Dell Universal pairing

ON-THE-GO NECESSITIES

Dell Power Bank Plus USB-C - PW7018LC. When you need power on the go, charge the widest range of laptops and devices with a high 65W power delivery using this power bank.

Latitude 7400. The world's smallest 35.6cm (14) premium business-class notebook® features ExpressConnect, so you can automatically connect to the fastest Wi-Fi signal. Featuring up to an 8th Gen Intel® Core™ i7 processor.

Dell USB-C Mobile Adapter - DA300. Featuring the widest variety of port options available, this adapter offers seamless video, network and data connectivity all in one compact design.

POWER DESKTOPS

Office productivity accelerators.

- Blazing fast performance with the latest Intel® Core™ processors.
- Power to run your most complex applications.
- Compact design for versatility.

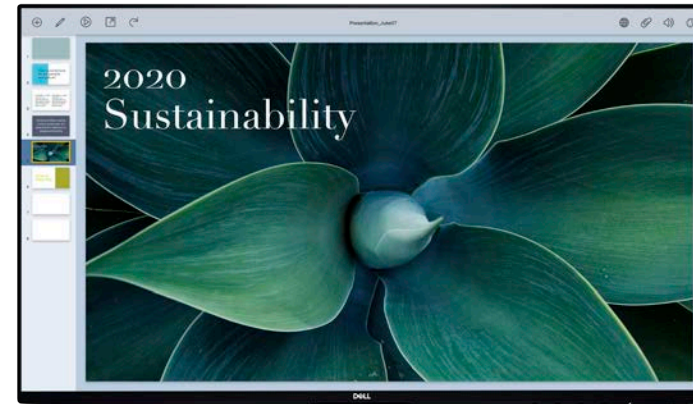

Dell Technologies is using innovations such as closed-loop and rainwater collection systems at our own facilities and helping suppliers to do so as well to manage water risks.

OptiPlex 7770 All-in-One. The 68.6cm (27) InfinityEdge all-in-one features up to 9th Gen Intel® Core™ i7 processor and Intel Unite® options for fast performance and enhanced collaboration.

DESKTOP SOLUTIONS

Full HD display

Dell UltraSharp 24 Monitor - U2419H. Experience superb screen performance with FHD resolution in an innovative, compact design.

OptiPlex 7070 Tower. Compact desktop intelligently designed for faster performance and outstanding versatility. Featuring up to a 9th Gen Intel® Core™ i7 processor.

Dell Precision 5820 Tower. VR-ready tower workstation in a compact design with expansion options. With up to two graphics cards and four hard drives. Featuring an Intel® Xeon® processor.

Dell Precision 3630 Tower. Workstation performance, VR content creation and reliability in an affordable, smaller yet expandable tower design. Featuring up to an 8th Gen Intel® Core™ i7 processor.

BACK OFFICE SOLUTIONS

Vertiv Liebert GXT RT+ UPS (1,2,3 kVA). This uninterruptible power supply provides backup battery power in the event of a power outage, monitoring and safeguarding your equipment from harmful power conditions, spikes and surges.

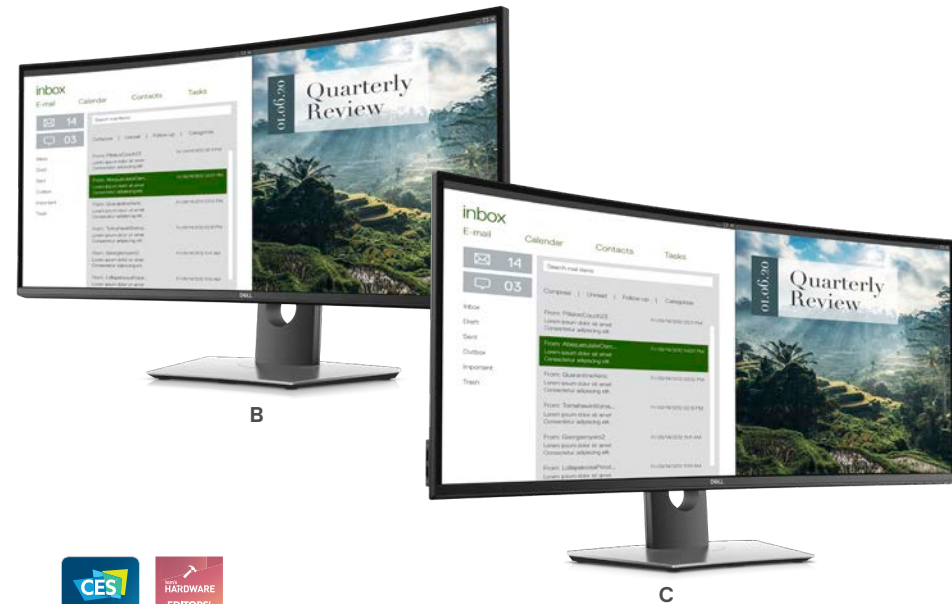

APC BR1000G-IN / BR1500G-IN. The APC BR1500G UPS offers guaranteed power protection for high performance computer systems, routers/modems, external storage devices and other electronics in your business.

CURVED MONITORS

See everything. Do anything.

- Enjoy immersive productivity and improved multitasking.
- Increased screen curvature improves field of view.
- Create a more comfortable viewing experience by reducing eye movement.

A. Dell UltraSharp 49 Curved Monitor - U4919DW. A revolutionary 124.5cm (49) dual QHD curved monitor with ultra-wide views, multitasking features and seamless connectivity for an immersive work experience.

CES® 2019 Innovation Awards Honoree. Tom's Hardware Editors' Choice.

B. Dell UltraSharp 34 Curved USB-C Monitor - U3419W. Discover precision performance on this 86.7cm (34.14) curved USB-C monitor that will elevate your work and entertainment.

C. Dell UltraSharp 38 Curved Monitor - U3818DW. See more content and multitask efficiently with an all-encompassing view on this virtually borderless 95.2cm (37.5) curved USB-C monitor with WQHD+ resolution.

#1 — Dell monitors are number 1 in India for 5 consecutive years. (2014-2019)*

Work efficiently
Stay organized with Easy Arrange feature on Dell Display Manager software. Quickly tile and view applications side by side for improved multitasking abilities.

Upgrading your display is a great way to enhance productivity, but how do you dispose of your old monitor? Consider donating it to a local thrift store such as Goodwill. Or learn how easy it is to return it to us at Dell.co.in/recycle

Everything you need to work efficiently.

A. Dell Keyboard and Mouse - KM636. Designed to complement the latest and upcoming Dell systems.

- Contemporary design
- Long, efficient battery life
- Hot Keys Function
- Wireless convenience and performance

B. Dell Headset UC350 - Skype for Business. Experience exceptional audio clarity while you're on a call or listening to music.

- Built-in noise canceling mic
- Plug and play capabilities

C. Docking Station WD19. Boost your PC's power with ExpressCharge Boost on the world's most powerful and first modular Thunderbolt dock with a future-ready design.

D. Targus Defcon NCL (Noble slot). Secure your system and the sensitive data on them - with Targus security locks.

- 6-foot cables made of galvanized steel
- Cut and rust-resistant
- Tamper alert

E. Dell USB-C Adapter - DA300. Innovatively designed adapter fits neatly in your bag and features a concealed cable for tidy storage.

- HDMI, DP, VGA, Ethernet, USB-C and USB-A compatible

F. Dell Energy 15 Backpack. Keep your laptop, tablet and essentials securely protected within the sporty and durable Dell Energy Backpack 15.

G. Dell wireless Optical Mouse - WM126 Black. Experience a clutter-free workspace with wireless connectivity.

- Available in 3 exciting colors: Red, Blue, and Black

H. Monitor Stand MDS19. Optimize your desk space with a small footprint and impressive cable management features. Mount up to two 27" monitors

I. Type C to HDMI. This compact Dell Adapter offers a plug-and-play solution for connecting your laptop or notebook to an external display and other essential devices.

J. Hybrid Adapter + Power Bank (12000mAh) - 45 Watts. Enjoy continuous and uninterrupted productivity by charging at your desk or on-the-go.

K. Soundbar AE515. Optimize your conference calls and multimedia streaming with this 5W RMS Microsoft® Skype® for Business certified soundbar.

Security Solutions and Services

Security

Secure data access to help prevent threats and protect your small business from a cyber attack.

Secure Access: A layered defense, using more than one ID (password and PIN) and a hardware-based approach to enter, makes it harder for an unauthorized person to access targets. Available with Latitude and Vostro computers.

Prevent Threats: Third-party partners like McAfee®* provide software that helps protect your business and identity. Latitudes feature Dell ControlVault, which helps protect critical login information.

Set Up a Recovery Mechanism: Backing up to an off-site server or separate drives helps make data recovery possible. MozyPro is an excellent solution that provides worry-free cloud data protection.

ProSupport Plus with SupportAssist

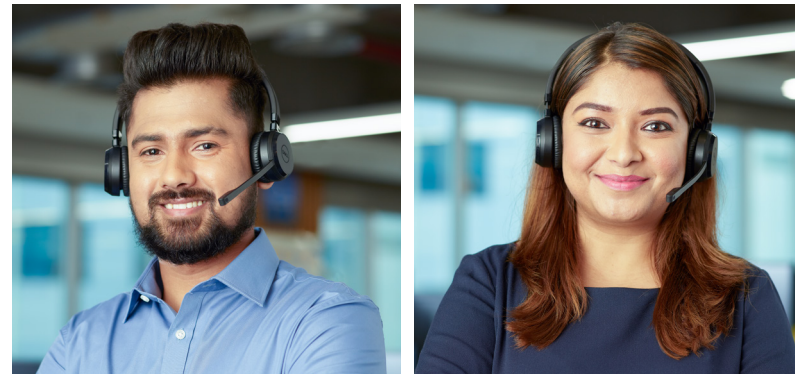

ProSupport Plus is the only complete support service with priority 24x7 expert support, accidental damage repair, and SupportAssist technology to help predict issues before they occur and proactively resolve them.

Client Installation Service

Focus your time and energy on your business while we handle the tedious tasks such as installation, data migration, software set-up and connecting to your network. We provide a comprehensive installation service for PCs and peripherals such as projectors, TVs, and even wireless networks.

”
"I like serving as an IT pro for small businesses. It's great to take on that role and advise them during the buying phase and beyond."
Dell Technologies Advisor

Get the tech help you need.

You're busy running your business. Dell can help with a range of products and services. Expert Help – Connect with a partner who understands your challenges and delivers smart and fast technology solutions.

Dell Technologies Advisors can help you customize the right PC and service options for your business. Our pros will assess your needs, provide solutions and ensure that you get future-proof technology powered by Intel® Core™ processors that grow with your company.

*McAfee Small Business Security Software: Software is available on select Dell PCs. Unlimited licenses are for all supported devices owned or used for all business purposes for the duration of your subscription. Not all features are available for all operating systems; see system requirements for supported devices. ProSupport/ProSupport Plus: availability and terms vary by region. See Dell.com/servicecontracts/global. Next Business Day On-Site Service After Remote Diagnosis: Determination made by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Ltd Hardware Warranty and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply. Accidental Damage Service: Service excludes theft, loss, and damage due to fire, flood or other acts of nature, or intentional damage. Customer may be required to return unit to Dell. Limit of 1 qualified incident per contract year. For complete details, visit Dell.com/servicecontracts.

Network setup simplified.

- Manage and grow your network with easy-to-deploy systems right out of the box.
- Detect the exact capabilities you need now and get free data-driven recommendations for the future with a free tech audit including Live Optics.

PowerEdge T440
Tower Server†

1 Start with productivity-boosting servers.

Whether it's your first server or an upgrade, all growing businesses need reliable storage for valuable data assets. New PowerEdge Servers are designed for small- to mid-sized businesses. Powered by an Intel® Xeon® Gold processor, this server centralizes data and applications, adapts to changing workloads and remote offices and scales to grow with your business.

2 Continue with connectivity and security.

Growing businesses need more servers and reliable, easy connectivity. Meet these demands with resilient, high-performance network switches for both large and small businesses. Enhance network security by setting up a Virtual Private Network plus Unified Threat Management Solutions, such as VPN. Integrate multiple security features to keep your network secure.

3 Keep growing with additional storage.

Tackle the cost and complexity of data management and data growth with PowerVault Storage. Optimized for small-scale storage consolidation, flexible virtualization projects and to help ensure maximum business continuity.

SOLUTIONS & SERVICES

ProSupport Enterprise Suite. Accelerate IT transformation with 24x7 access to technical support engineers along with automated, proactive and predictive tools. Personalized service and preventative measures help you get ahead of problems before they happen.

ProDeploy Enterprise Suite. Maximize your technology investment. ProDeploy delivers expert installation and configuration to get you production ready. Upgrade to ProDeploy Plus, for on-site software install, post-deployment assistance and training credits to improve technology adoption.

†This device has been tested to FCC Class A standards and is intended for use only in commercial, industrial or business environments.

Protect your business assets.

A server can help your business expand efficiently and securely by:

- Enabling two or more employees to share data and software.
- Improving performance on applications requiring a lot of processing power.
- Securing data assets.
- Simplifying network management.
- Making it easier to scale.

Ruckus R310 wireless solutions. The Ruckus ZoneFlex R310 delivers high-performance and reliable 802.11ac wireless networking with Adaptive Antenna Technology at the industry's most affordable price point.

PowerEdge T140 Tower Server†. Easy to use, safe, and practical entry-level server for growing businesses. Ideal for file and print, and point of sale applications. Featuring up to an Intel® Xeon® processor.

PowerConnect N1524P†. Upgrade aging 10/100 access networks with GbE Layer 3 Lite managed PoE+ switches that have 10GbE uplinks and 4-unit stacking.

APC smart UPS online 1/2/3 kVA 230V. Smart-UPS On-Line provides high density, true double-conversion on-line power protection for servers, voice / data networks, medical labs, and light industrial applications.

SonicWall TZ400. The SonicWall TZ400 series enables small to mid-size organizations realize the benefits of an integrated security solution that checks all the boxes. Combining high-speed threat prevention and SD-WAN technology with an extensive range of networking and wireless features, the TZ series provides a unified security solution at a low total cost of ownership.

PowerVault TL1000 Tape Autoloader. The Dell PowerVault TL1000 tape autoloader brings high density and remote management backup capabilities to small and medium businesses in a compact, affordable 1U form factor.

Streamline operations and maximize productivity.

- Run IT efficiently and scale easily with PowerEdge servers.
- Manage many server functions from your Android or iOS devices with iDrac Quick Sync 2 technology with the Open Manage Mobile App.
- Reduce basic network setup process by 145 steps and 67% time savings compared to using the LCD panel with Quick Sync 2 technology^o.

PowerEdge T440 Tower Server.[†] Drive a wide variety of office workloads with flexible performance and capacity in a worry-free infrastructure. Featuring up to an Intel® Xeon® Gold processor.

PowerEdge R440 Rack Server.[†] Gain performance and density in a compact 1U, 2-socket rack server for HPC, web tech and scale-out infrastructure. Featuring up to an Intel® Xeon® Gold processor.

[†]This device has been tested to FCC Class A standards and is intended for use only in commercial, industrial or business environments.

^oSee https://www.principledtechnologies.com/Dell/Quick_Sync_2_OpenManage_Mobile_0717.pdf for full testing details.

Ruckus R510. The Ruckus ZoneFlex R510 delivers high-performance and reliable 802.11ac wireless networking with MU-MIMO (Multi-User Multiple-Input Multiple-Output) capability to boost network throughput and improve overall network performance.

PowerVault NX440. Dell EMC NX network attached storage is an affordable NAS appliance harnessing the innovations of Windows Storage Server 2016.

PowerSwitch N2048P. Modernize campus networks with PoE+ capable GbE Layer 3 Standard switches that support multi-chassis link aggregation (MLAG) and 12-unit stacking.

APC Easy UPS Online 3000VA, Rackmount, 230V for small to medium businesses. A versatile, high quality, cost competitive UPS developed to handle a wide voltage range, inconsistent power conditions and delivering the quality millions of IT professionals trust around the world.

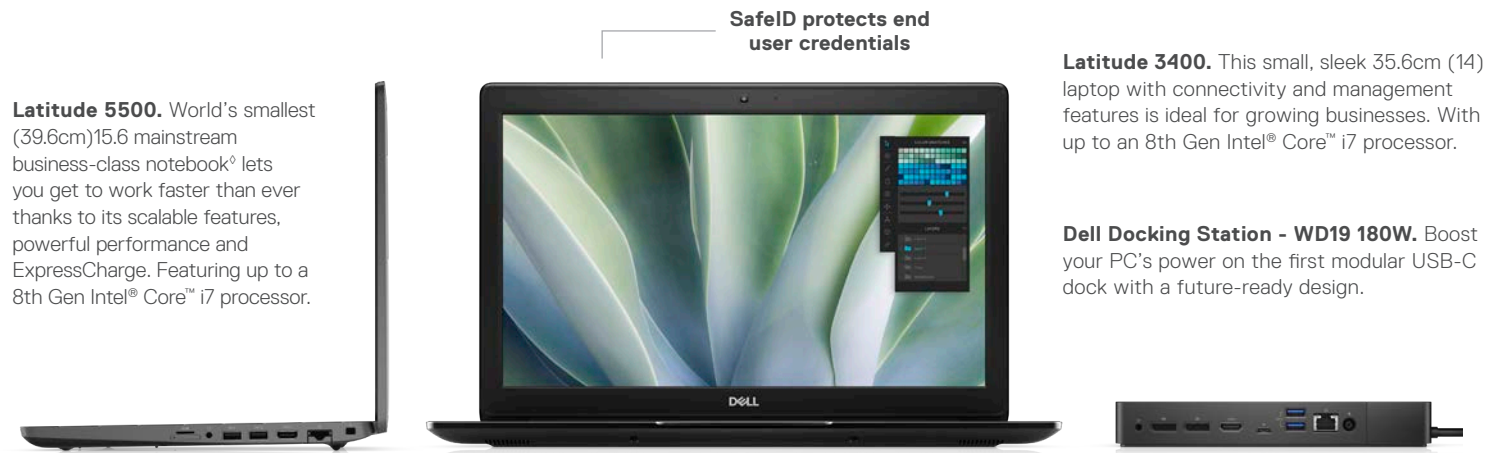

Vertiv 42 U rack. Vertiv™ VR rack is delivered ready for high density environments to serve your mission critical needs — even as they evolve and change. This rack gives you the flexibility you need with easy installation.

EVERYDAY LAPTOPS

Security and reliability to go.

- Vostro: Thin and light laptops that keep you working anywhere.
- Precision: Affordable, configurable 15" mobile workstations in a thin and light design.
- Latitude: All-day productivity, beautiful design and flexibility.

SafelD protects end user credentials

Latitude 5500. World's smallest (39.6cm) 15.6 mainstream business-class notebook⁹ lets you get to work faster than ever thanks to its scalable features, powerful performance and ExpressCharge. Featuring up to a 8th Gen Intel® Core™ i7 processor.

Latitude 3400. This small, sleek 35.6cm (14) laptop with connectivity and management features is ideal for growing businesses. With up to an 8th Gen Intel® Core™ i7 processor.
