

## Dell India CIS Center Address List - V1.0

### Service Description: Carry In Service (Dell Authorized Service Centre)

This Service provides an option to our customers to visit any of the Dell Authorized Carry In Service Centers ("Service Centers") to repair and/or replace parts in the main system unit (including monitor, keyboard and mouse, if not ordered separately) for issues covered by Limited Hardware Warranty. These Service Centers generally operate between 9:30am to 6:30pm local time; Monday through Saturday, excluding regularly observed holidays.

**Response Time:** Upon the system being handed over by the customer to the Service Centre, the technician therein shall initially try and identify the issue in the said system, post which he shall endeavor to resolve the same within three business days (excluding regularly observed holidays) and return the system to the customer

**Service Exclusions.** Without limitation, the scope of Dell's fault diagnostics and In-Home Hardware Service does not include support for the following:

- General usage and "how to" questions with Dell factory-installed software over 30 days.
- Configuration and diagnosis of the Dell factory-installed operating system or factory-installed applications for use with customer-installed applications and hardware.
- Configuration, installation and validation of non-Dell supplied operating systems, software, applications or drivers/fixes over 30 days.
- Commercial upgrades whether purchased from Dell or not, e.g. Microsoft® Office XP Pro upgrade.
- Configuration of all communication software, unless required for troubleshooting.
- All non-Dell supplied hardware and peripherals, their installation and compatibility with Dell branded hardware. The original manufacturer of the product provides support.
- Dell supplied software and peripherals, unless otherwise specified.
- BIOS/Firmware upgrades for non-Dell branded systems, unless part of fault resolution.
- Invalid software and hardware configurations.
- Backing up and restoring customer's data.
- Customer applications and data.
- Unnecessary work in Dell's assessment.
- Consumables and wear and tear to items such as plastics and diskettes.
- Non-critical failures that fall within industry specified tolerances e.g. noise, individual LCD pixels.
- Games and add-on packages from date of purchase (e.g. educational packs).
- Preventative maintenance.
- Repair of system after virus infection other than installation of the operating system to the default Dell factory settings.
- Custom factory integration items over 30 days will not be supported unless specifically agreed in a separate writing by Dell.
