

Dell OptiPlex 9030 All-in-One

High performance is attractive

Introducing Dell's thinnest premier all-in-one solution, the Dell OptiPlex 9030 All-in-One. Sleek, modern, and high performing, this 23" desktop is perfect for any office or kiosk where space is limited and design is valued.

Empower your staff

The OptiPlex 9030 All-in-One is built with the end-user in mind, providing power and performance with 4th Generation Intel® Core™ Processors that can run most office software packages with ease. It is available with multi-touch features and Intel® integrated graphics with discrete options, which provide increased performance over previous generations. Rich collaborative features include a full HD webcam, universal headset, display and HDMI in/out ports, and Microsoft™ Lync Certification, which foster interaction and productivity. It is built with an integrated power supply and supports dual hard drives.

Multiple monitor capabilities with an optional height adjustable stand and Dell Quick Release technology make this all-in-one ergonomically designed to meet your needs without compromise.

Simplify life for IT

The OptiPlex 9030 All-in-One makes managing desktops simple for IT. With redesigned packaging, IT only has to open the box, remove the system, attach the stand and plug it in! Additionally, the OptiPlex 9030 All-in-One provides tool-less serviceability and redesigned cabling. Dell Smart Selection ordering enables shipment of a configured desktop within 24 hours.

Security you can trust

Dell OptiPlex 9030 All-in-One is the **most secure commercial all-in-one desktop on the market today.**

Your IT team will experience peace of mind from knowing that the OptiPlex 9030 All-in-One provides comprehensive encryption, advanced authentication and malware prevention from a single source.

Improve manageability

Dell OptiPlex 9030 All-in-One comes with management features such as Intel® vPro™, that save time, automate processes and improve IT efficiency. You can also easily oversee your Dell fleet with integration of Dell KACE management appliances and the Dell Command Center.

Reliability you can count on

OptiPlex 9030 All-in-One desktops are designed and tested to assure long term reliability and durability in hard working environments. And, when needed, the OptiPlex 9030 All-in-One provides easy three-step serviceability, reducing complexity and support time.

We're here to help.

By partnering with Dell for your client needs, you'll receive full lifecycle client management, from deployment to product recycling. Plus, Dell OptiPlex 9030 All-in-One comes with award-winning Dell ProSupport™ for 24x7 access to Dell experts who will keep your systems up and running.

Simply do more

Built with the user experience in mind, Dell offers a complete portfolio of accessories such as wireless keyboards and mice, headsets, USB port covers, security locks and award winning monitors and VESA mount support for dual monitor capability. And all accessories and software are covered under Dell ProSupport™.

¹ Offering may vary by region. Some items may be available post-RTS. For complete details, refer to the Technical Guidebook published on dell.com.

² System Memory and Graphics: Significant system memory may be used to support graphics, depending on system memory size and other factors.

³ 4GB or Greater System Memory Capability: A 64-bit operating system is required to support 4GB or more of system memory.

⁴ Hard Drive: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.

⁵ TPM: TPM is not available in all regions.

⁶ Computrace: Not a Dell offer. Certain conditions apply. For full details, see terms and conditions at www.lojackforlaptops.com.

⁷ Please refer to www.epeat.net for specific country registration rating and participation.

⁸ Limited Hardware Warranty: For copy of Ltd Hardware Warranty, write Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see www.dell.com/warranty.

⁹ Onsite Service after Remote Diagnosis: Remote Diagnosis is determination by online/phone technician of cause of issue; may involve customer access to inside of system and multiple or extended sessions. If issue is covered by Limited Hardware Warranty (www.dell.com/warranty) and not resolved remotely, technician and/or part will be dispatched, usually within 1 business day following completion of Remote Diagnosis. Availability varies. Other conditions apply.

¹⁰ Dell Services: Availability and terms of Dell Services vary by region. For more information, visit www.dell.com/servicedescriptions.
