

Work moves fast. Your workstation should, too.

With more performance, greater dependability, and smarter design than HP workstations, you can **do more with Dell Precision™**.

Dell Precision T3600, T5600, and T7600 tower workstations feature **award-winning, best-in-class chassis design for superior serviceability.**

Dell Precision is **more dependable** with Dell exclusive Reliable Memory Technology for maximum uptime by eliminating virtually all memory errors.

Dell Precision M4700 and M6700 are **the world's most powerful** mobile workstations.

Dell has it. HP doesn't.

Dell Precision vs **HP Z/EliteBook¹**

Smarter Design

with best-in-class chassis design for serviceability

Dell Precision T3600, T5600, T7600 vs. HP Z420, Z620, Z820:

Externally accessible power supply

Dell Precision T7600 vs. HP Z820:

Tool-free front accessible hard drives and lockable front bezel for added security

Dell Precision M4700, M6700 vs. HP EliteBook 8570w, 8770w:

Thinner and lighter design

More Dependable and Secure

with Dell technology for reliability and security

Reliable Memory Technology for maximum uptime

Highest level of U.S. government computer security standards (FIPS 140-2) commercially available (With Dell Data Protection | Encryption and optional Hardware Encryption Accelerator)

vPro extensions for remote out-of-band BIOS and battery management & hard drive wipe

More Powerful

with performance features for working at the speed of thought

Dell Precision T7600 vs. HP Z820:

Support for up to three high end graphics cards²

Dell Precision M4700, M6700 vs. HP EliteBook 8570w, 8770w:

Higher graphics, faster memory speeds, greater storage capability, and dual fans

Do **more** with Dell Precision.

Dell Precision workstations are designed from the inside out for superior performance with certified dependability.
