

Why choose Dell Financial Services (DFS)?

Whether you are a global organization needing pay-per-use technology in your data center or a rapidly growing company with technology needs that outpace your current budget, our portfolio of payment solutions can help you meet business challenges.**

Benefits of financing and payment solutions:

 <p>Enable infrastructure modernization. Financing allows for a regular technology refresh cycle and reduces upfront acquisition costs.</p>	 <p>Accelerate ROI. Pay over time and match payments with technology usage.</p>	 <p>Increase operational efficiency. Add new items to your financing agreement at any time, and customize lease terms to minimize payments or co-terminate all assets.</p>	 <p>Simplify budgeting and payments. Spread IT costs over several cycles, and retain cash for investing in your business.</p>
