

Dell™ Mobile Computing Carts Managed and Unmanaged

Protect and maximize your technology investment

Securely store, charge and transport your devices with Dell's Mobile Computing Carts, providing easy mobility to share devices between locations and shelving designed to accommodate a variety of form factors and screen sizes. The managed cart option allows for remote management and IT updates.

Features and Benefits

- **30 unit open architecture design fits most tablets, netbooks, ultrabooks and notebooks up to 14" in size**
 - Small footprint retains same space-saving profile when doors are stowed in either open or closed position
 - Devices are stored loose and flat, easy to remove for use
 - Cable management on the shelves keep internal cords neat
 - ABS shelves are vented to aid in device cooling
 - Hand cut outs in the shelves aid in removing devices
 - Shelves may be removed to allow extra storage space
 - Two external outlets are included for powering auxiliary equipment
 - LED Power/Fault Status Indicators communicate power on, auxiliary outlets in use, zone receiving power and max temperature conditions
 - Recessed cable management wrap keeps the external Ethernet cable (Managed carts) and power cord unobtrusive and neatly managed
 - Sliding door mechanism reduces the space requirement during device loading and unloading
- **AC charging system utilizes Ergotron patent pending PowerShuttle® Technology to manage cart power**
 - Optimize charge time for mobile devices in the cart
 - Never waste time with power directed to an empty bank
 - Safely charge mobile devices while using cart's external auxiliary outlets
 - No user intervention required to direct power in the cart
- **Protection of assets**
 - Key-locking steel doors slide open on opposing sides of the cart to provide access to mobile devices from both sides
 - Ergonomic handle is designed for comfortable pushing; it also may be used to secure the cart to a fixed point via a locking cable
 - Power adapters and IT equipment are stored in separate secured compartments from the Mobile devices – end users cannot access cables or cart electronics
 - Upper compartment houses and provides power for Ethernet switch (Managed carts) and WAP/wireless router (sold separately)
 - Adapters neatly stow and strap in to the provided shelves
 - System heat is managed by installed fans and an airflow management system which is controlled by a thermostat
- **Available in Managed and Unmanaged versions**
 - Managed carts include:
 - Pre-routed Cat 6 Ethernet cables
 - Dell PowerConnect 3548 Ethernet Switch
 - 10' (3m) external Ethernet cable
 - Power for Ethernet switch and customer-provided WAP
 - Unmanaged carts designed for charging/security only, they are not upgradable to managed

Designed for convenience,
security and ease-of-use

Dell™ Mobile Computing Carts

Power System

100/110/120 V~, 12A 50/60Hz or 220/230/240V~, 8A 50/60Hz
depending on region and model of Dell Mobile Computing Cart

Physical Dimensions

Capacity	30 units
Dimensions	25.2 W x 37 L x 41.7" H (640 W x 940 L x 1060mm H) (includes handle)
Device Compatibility	Sized for Dell Tablets, Notebooks, Ultrabooks and Netbooks
Device Max. Size	14" (35.6cm)
Device Bays	Horizontal
Cabling	Manual plugging cable management system; works for all connector locations
Doors	Side-to-side sliding
Power System	Ergotron PowerShuttle load sensing technology
External Auxiliary Outlets	2
Wireless Access Point (sold separately)	Power and storage for WAP located under secure top panel
Ethernet Switch and Cabling (Managed cart only)	Dell™ PowerConnect™ 3548 48 port managed switch
Cart Weight (without computer)	Unmanaged: 187 lbs (85kg) Managed: 202.8 lbs (92kg)

Environmental

Temperature Range	Operating: 0 to 30 C (32 to 86F) Storage: -29 to 60 C (-20 to 140F)
-------------------	--

Certification

UL 60950, CAN/CSA - C22.2 no. 60950

UL 1667

IEC 60950

Environmental

WEEE

REACH

RoHS

Dell recommends that customers dispose of used computer hardware, including monitors, in an environmentally sound manner. Potential methods include reuse of parts or whole products and recycling of product, components and/or materials. For more information, please visit http://dell.com/recycling_programs and www.dell.com/environment

Standard Warranty

- Three (3) years mechanical components; one (1) year electrical components

Product availability varies by country. Please contact your Dell representative for more information.
