All about the curve

At 34-inch and a 21:9 aspect ratio, the Dell UltraSharp 34 Monitor is the ideal size for a curved screen.

See, feel and live every moment

Welcome to the brand new world of curve

Truly immersive

With a field of view that enlists both your primary and peripheral fields of vision, the 34-inch 21:9 curved screen provides an amazing, in-the-action experience.

Comfortable viewing

Increase viewing comfort with a more uniform focal distance across the screen. This means that with a curved screen, you won't move your eyes as much as a flat screen monitor.

Clearly vibrant

Experience an amazingly clear viewing experience with 3440 x 1440 resolution, and a high pixel per inch of 109. Colors are vivid and vibrant with over one billion colors and a wide 99% sRGB color gamut.

Audibly engaging

Rich and engaging sound from the powerful 18 W integrated speakers transports you further into the digital world.

Curved with unrivalled usability

More connectivity features allow you to multitask on-screen or game without interruption.

Maximize your multitasking by connecting multiple monitors and peripherals for massive screen real estate.

View seamlessly across dual monitors by placing the thinnest edges side-by-side for an enhanced viewing experience.

Stay organized with applications, emails, and windows on one screen using Dell Easy Arrange.

*To enable sound output from all speakers in a dual monitor setup, both your PC and graphic card must support dual audio output

** U3415W supports the DP Multi-Stream Transport feature. To make use of this feature, your PC Graphics Card must be certified with DP 1.2 (MST option).

Curved with unrivalled usability

Now you can navigate across multiple applications from 2 different PCs, helping you keep tabs on breaking industry news, watch your stocks while tabulating your charts at the same time, thanks to Picture-by-Picture and Picture-in-Picture features which help keep your finger on the pulse of business.

Simply connect each PC to the monitor via the two USB 3.0 upstream ports and you can display content from both PCs on the monitor at the same time.

Plus enjoy the convenience of using just one keyboard and mouse to navigate content from both PCs!

Connect your smartphone and tablet to your monitor using mini-DisplayPort, or use HDMI 2.0 to get the best of the Internet and your favorite apps by displaying in full 21:9 aspect ratio.

Customize your viewing experience with adjustable height, tilt and swivel options.

Reliable and eco-efficient

Built for the Earth. Made for you.

Crafted from environmentally preferable materials, the Dell UltraSharp 34 Curved Monitor is BFR/ PVC-free (excluding external cables) and has an arsenic-free glass and a mercury-free LED panel and more than 25% post consumer recycled plastics in its chassis.

More power. Less energy.

Meets the latest ENERGY STAR®, EPEAT® Gold¹ and TCO Certified Displays standards. Plus, conserve energy with eco-friendly features like PowerNap.

Premium Panel Guarantee

Your Dell UltraSharp 34 Curved Monitor is designed to be pixel perfect. That's why if you find even just one bright pixel, we'll replace it under our Premium Panel Guarantee.

Down with downtime

Enjoy peace of mind by getting a replacement monitor shipped the next business day with Advanced Exchange Service² within the Limited Hardware Warranty³ period.

¹ EPEAT Gold registered in the U.S. EPEAT registration varies by country. See www.epeat.net for registration status by country.

² Advanced Exchange Service: Replacement part/unit dispatched, if needed, following completion of phone/online diagnosis. Fee charged for failure to return defective unit. Availability varies. Other conditions apply.

³ For a copy of the Limited Hardware Warranty, write to Dell USA LP, Attn: Warranties, One Dell Way, Round Rock, TX 78682 or see dell.com/warranty.

Great additions to the curve

Look for these great additions when finalizing your purchase.

Dell Professional Stereo Headset | UC300

This comfortable headset features superior sound clarity for softphone calls, conference calls, live presentations and other multimedia applications.

Dell Wireless Keyboard & Mouse | KM714

Count on quality performance with scissor chiclet keys, a Windows 8 laser mouse and wireless connectivity for a clutter-free workspace.

Dell Premium Lock | LP500

Secure your monitor with a keyed locking mechanism and steel cable that attaches easily to a standard slot on your monitor.
