

It's time to fly.

Watch your business soar.
Break free from budgets.

Looking to beat budgets? Conserve capital? Battle against obsolete IT? Discover flexible financing and watch business soar with Dell Financial Services (DFS).

1 One single financing solution + hardware + software + services (from Dell EMC and third parties)

Find out about special financing promotions

Dell Financial Services offers proven, innovative financing.

DFS gives organisations like yours the freedom to acquire and deploy the right technology, right now. No hassle. No waiting.

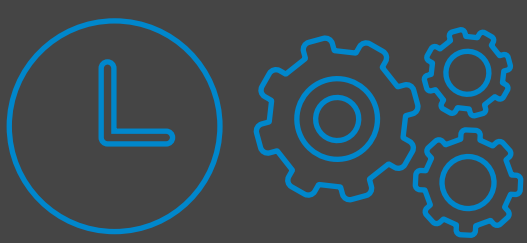

50 
Countries worldwide

10s 
of thousands of customers

\$6bn
dollars funded annually

The benefits of financing with DFS.

Instead of tying up your money, invest in a world of DFS benefits.

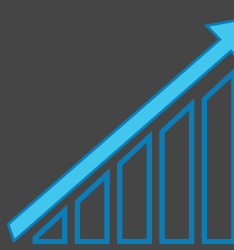

No waiting. Give your users access to tomorrow's technology, today.

Manage cash flow. Structure payments to suit your requirements.

Cut total cost of ownership. Minimise support and running costs with faster IT rotations.

Conserve capital. Invest more in the business, and less in the IT you need to run it.

Do the maths.

More people now finance their technology purchases via captive financing than bank borrowing. Smart choice.

in productivity when you give users the latest IT.¹

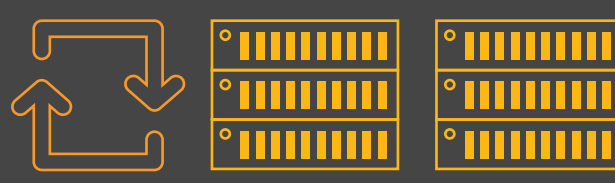

when leasing two generations of x86 servers over six years instead of buying one server and keeping it for six years.¹

when leasing two generations of PCs over six years instead of buying one PC and keeping it for six years.¹

Technology refresh at optimum times, avoiding the continued use of expensive, obsolete systems.

Dispose of old equipment.

DFS offers secure decommissioning, disposal and recycling of old equipment to European environmental standards.

Get the technology you need today with Dell Financial Services.
