

## Offering Specific Terms

The following specific terms apply to the Dell Offerings and Third Party Offerings below. Dell Offerings are provided by the Dell Technologies affiliate (herein "Supplier" or "Dell") identified on your order. Third Party Offerings are hardware, software, products, services, subscriptions, solutions or any other offerings that are not Supplier-branded. Third Party Offerings are subject to the applicable Offering Specific Terms below and the standard terms, license, services, warranty, indemnity, support terms and applicable data privacy terms or data processing agreement of the third party manufacturer/supplier. Customer agrees to adhere to such third party terms and that it shall contact such third party directly for support or other offering related issues. Any warranty, data privacy, damages or indemnity claims against Dell in relation to Third Party Offerings are excluded (provided that Dell is responsible for its own support services offerings sold in combination with Third Party Offerings where identified in the table below). Dell reserves the right to cancel any Order for a Third Party Offering prior to shipment, initial activation or performance that: (i) ceases to be commercially available for resale by Dell or (ii) in the event of a third party supplier price increase or cancellation. Note that not all offerings are available in all territories and some may have been retired.

Dell Connectrix branded offerings manufactured by Brocade/Broadcom	Software is distributed by Dell pursuant to Dell's general license terms with Dell as the licensor (www.dell.com/eula), as supplemented by the end user license terms provided by Brocade/Broadcom and to which end user shall adhere.
Dell Software	General License Terms: <a href="https://www.dell.com/eula">www.dell.com/eula</a> Unit of Measure Terms: <a href="https://www.delltechnologies.com/content/dam/digitalassets/active/en/unauth/manual-warranty-informations/products/data-protection/h2483-sw-use-rights.pdf">protection/h2483-sw-use-rights.pdf</a> Dell EMC Subscription-Based Terms: <a href="https://www.delltechnologies.com/asset/en-us/solutions/business-solutions/legal-pricing/dellemc_subscription_based_license_terms.pdf">https://www.delltechnologies.com/asset/en-us/solutions/business-solutions/legal-pricing/dellemc_subscription_based_license_terms.pdf</a>
Dell Offerings with VMware by Broadcom Offerings	VMware software and/or VMware services sold with or for use on Dell offerings (e.g., VxRail) are Third Party Offerings subject to the terms located at <a href="https://www.broadcom.com/licensing">https://www.broadcom.com/licensing</a> ; provided that customers should contact Dell for support services.
Vblock, Vxblock and PowerFlex Rack (formerly VxFlex Integrated Rack and VxRack Flex) Converged/ Hyperconverged Systems and related services	Support Services Terms: <a href="https://www.dell.com/en-us/dt/converged-infrastructure/support/support-service-descriptions.htm">https://www.dell.com/en-us/dt/converged-infrastructure/support/support-service-descriptions.htm</a> Products contain components that are subject to Cisco Systems, Inc. terms and conditions located at: <a href="http://www.cisco.com/en/US/docs/general/warranty/English/EU1KENhtml">http://www.cisco.com/en/US/docs/general/warranty/English/EU1KENhtml</a> (for which Customer authorizes Supplier (or shall ensure the applicable end user authorizes Supplier) to accept on your behalf if Supplier performs the product installation).

Wyse Clients	Use Rights and Restrictions. Dell Wyse Windows Embedded Thin Clients are intended to be used as thin clients only and not as personal computers. Dell is not responsible for and will not warrant, support, repair or replace any thin client device or component that is not used for its intended purpose. As an example, and without limitation, any operation of a Dell Wyse Windows Embedded Thin Client with the write filter turned off during regular use (except as required for image upgrades, applying security patches, registry changes, and application installation) is beyond the scope of the intended purpose, will prematurely wear out the Flash/SSD storage and will invalidate the thin client product warranty. In addition, enabling the Windows Page File is beyond the scope of the intended purpose and will invalidate the thin client product warranty.  Adobe and Microsoft Software. Certain Dell Wyse Thin Clients include software that is subject to the license terms for Adobe Systems Incorporated/Adobe Systems Software Ireland Limited located at <a href="https://www.adobe.com/legal/licenses-terms.html">https://www.adobe.com/legal/licenses-terms.html</a> . Adobe and Flash are trademarks or registered trademarks of Adobe Systems Incorporated in the United States, other countries or both. Certain Dell Wyse Thin Clients may also include software that is licensed by Microsoft under terms that prohibit Customer from locally running Desktop Functions on Thin Client Devices. For purposes of these terms, "Thin Client Device" means a Customer system that depends heavily on some other computer (such as a server) to fulfill its computational roles; and "Desktop Functions" means consumer or general purpose tasks or processes (such as using word processing, spreadsheet, or slide show presentation software) performed exclusively or primarily by a PC device.
