Dell Premium Support

Introduction

Dell is pleased to provide Dell Premium Support (the “**Service(s)**”) in accordance with this Service Description (“**Service Description**”). Your invoice, receipt, order acknowledgment, or information page (as applicable, the “**Order Documentation**”) will include the name of the service(s) and available service options that you purchased.

Dell Premium Support provides remote technical support for hardware and software issue resolution through both online support and trained phone support specialists for Dell-branded products. Software issue resolution includes Dell’s Comprehensive Software Support and Collaborative Assistance for certain pre-installed software titles on Dell-branded products. Software issue resolution also includes commercially reasonable efforts to provide support for certain commonly available customer-installed software titles such as internet browsers, operating systems, personal finance software, productivity applications, e-mail applications and movie/picture editing software. In addition, software issue resolution includes “how to” advice, antivirus setup, assistance with printer/networking connection, and, for customers who purchase Service for a gaming system, assistance with common gaming titles.

All incidents that Dell determines to be within the scope of service set forth in this Service Description will be deemed “Qualified Incidents”. For hardware issues that are not solved remotely, then as part of the Service, Dell may offer you Onsite service to help resolve your issue(s). If Dell determines that a repair method other than Onsite service is required for an incident or if onsite service is not available for your product, then Dell will provide service according to the service response options detailed in **Exhibit A**.

THIS SERVICE DESCRIPTION IS A CONTRACT BETWEEN YOU AND DELL. PLEASE TAKE THE TIME TO READ THE FOLLOWING TERMS AND CONDITIONS UNDER WHICH DELL MARKETING L.P. (“DELL”) AGREES TO PROVIDE THE SERVICES. ALL HARDWARE REPAIR SERVICES ARE FOR PRODUCT ISSUES COVERED BY YOUR DELL LIMITED HARDWARE WARRANTY (see www.dell.com/warranty). **THIS SERVICE DESCRIPTION REQUIRES THE USE OF ARBITRATION ON AN INDIVIDUAL BASIS TO RESOLVE DISPUTES, RATHER THAN JURY TRIALS OR CLASS ACTIONS.**

Limits on Dell Comprehensive Software Support. Dell does not warrant that any particular software-related question will be resolved or that the covered software product will produce any particular result. Situations giving rise to Customer's questions must be reproducible on a single system (i.e., one central processing unit with its workstation and other peripherals). Dell may conclude that a software issue is sufficiently complex or that Customer's Supported Product is of a nature that precludes effective analysis of the question through remote support. Customer understands and accepts that resolutions of certain issues giving rise to Customer's service request may not be available from the publisher of the relevant software title. Customer accepts that in such situations where no resolution is available from the publisher of the relevant software title, Dell's obligation to provide support to the Customer will be fully satisfied.

Collaborative Assistance:

If a problem arises with certain software pre-installed by Dell on your Dell-branded Supported Product, Dell will serve as a single point of contact, as set forth herein, until the problems are isolated and escalated to the third-party product vendor. Specifically, Dell will contact the third-party vendor and create a "problem incident" or "trouble ticket" on behalf of Customer, providing the necessary problem documentation. Once a vendor is engaged, Dell will monitor the problem resolution process and obtain status and resolution plans from the vendor until the vendor resolves the problem by either providing a resolution, steps towards a resolution, workaround, configuration changes, or escalation of a bug report. Upon the Customer's request, Dell will initiate management escalation procedures within Dell and/or the vendor organization.

To be eligible for Collaborative Assistance, the customer must have the appropriate active support agreements and entitlement with the respective third-party vendor. Once isolated and reported, the third-party vendor provides technical support and resolution for Customer's problem. **DELL WILL NOT BE RESPONSIBLE FOR THE PERFORMANCE OF OTHER VENDORS' PRODUCTS OR SERVICES.**

How to contact Dell if you require service

Remote online or phone-based support is a key part of this Service, and remote diagnosis or troubleshooting under your Dell Limited Hardware Warranty (see www.dell.com/warranty) is required prior to receiving Service.

Step One: Use one of the support options to contact Dell for assistance

You will help us serve you better if you have the following information and materials ready when you contact us: your Product's invoice and serial numbers; service tag number; model and model numbers; mobile device, phone, or SIM card number; the current version of the operating system you are using; and the brand names and models of any peripheral devices (such as a modem) you are using.

Provide any other information as requested by Dell. We will verify Customer's Supported Product, applicable Service and response levels and confirm any expiration of Services.

Online, Chat & Email Support:

Online, chat and email support may be available. Online, chat and email support contact information is available at www.dell.com/support

Telephone support requests:

Highly trained telephone-based technical assistance is available 24 hours each day, 7 days each week (including holidays).

Locale	Phone number to contact Dell
United States	1-800-624-9896 or

	1-877-293-1197
Canada	1-800-847-4096

[Step Two: Assist with online or telephone-based troubleshooting](#)

- When requested, identify error messages received and when they occur; what activities preceded the error message; and what steps you have already taken to attempt to solve the problem.
- We will work with you through a series of troubleshooting steps to help diagnose the issue.
- Experience shows that most Product problems and errors can be corrected remotely.
- Follow the instructions and any suggestions carefully. Diagnostic or troubleshooting steps like those outlined in Steps One and Two are an essential aspect of reaching the right resolution for your issue. Those steps may require more than one interaction or call with Dell or an extended session, and you may be asked to access the inside of your Supported Product where safe to do so.
- If your Supported Product's issue is covered by Dell's Limited Hardware Warranty and if, following completion of diagnosis or troubleshooting, Dell determines that onsite dispatch of a service technician or return for repair service is necessary, we will provide additional instructions.

[If outside the country of purchase](#)

Dell provides Premium Support options on your Supported Product if you are travelling temporarily or if you relocate permanently to a different country. Certain service and support features may not be available and is subject to the terms of the Geographical Restrictions section below and the following conditions:

- verification of service entitlement,
- support is provided in the language(s) used by Dell for providing support to customers in the new country,
- the local availability of local labor and parts (in particular, some parts, such as foreign language keyboards or ac adapters, may not be available),
- the local ability to support software not in local language, or not designed for local market, and
- you must transfer the service tag on the Dell product to the local country if relocating to a different country.

[Onsite Service:](#)

If, after remote diagnosis and troubleshooting, Dell determines Onsite Service is appropriate for your Product's repair issue, then such service is available for your Product within your country of residence (the United States or Canada only). Please tell the technician the full address of your Product's location. Both the performance of service and service response times depend upon the time of day your call or inquiry is received by Dell, the service alternative you purchased, parts availability, geographical restrictions, weather conditions and the terms of this Agreement. If you follow the procedures detailed in this Agreement and if your issue is subject to dispatch under this Agreement, then a service technician will be dispatched, usually in 1 or 2 business days following completion of remote diagnosis, to arrive at your location during 9:00 a.m. to 6:00 p.m. local time, Monday through Friday excluding regularly observed holidays. If the service technician is dispatched for service after 5:00 p.m., then the service technician may take an additional business day to arrive at your location.

- **An Adult Must Be Present.** For service provided onsite, an adult must be present at all times during the service technician's visit.
- **Assistance You Must Provide.** The service technician must receive full access to the System and (at no cost to the technician) have working space, electricity, and a local telephone line. A monitor or display, a mouse (or pointing device), and a keyboard must also be provided (at no cost to Dell), if the system does not already include these items. If these requirements are lacking, the technician is not obligated to provide service.
- **If You Miss The Service Visit.** If you or your authorized representative is not at the location when the service technician arrives, we regret that the service technician cannot service your System. If this occurs, you may be charged an additional charge for a follow-up service call.

Other Service Response Options:

If, after remote diagnosis and troubleshooting, Dell determines that a repair method other than Onsite Service After Remote Diagnosis is required for an incident, then one of the following service response options in the table below may be selected by the technician depending on the applicable country/region. Dell may also make other service options available to the customer at the time customer places a request for service.

If non-Dell options added to Customer's Supported Product are found to be the cause of the reported problem, a service charge may be applied and repair and return times may be delayed. Failure to timely pay for parts not properly returned to Dell by Customer may result in suspension of Customer's service under this Agreement in accordance with Section 3 of the Additional Terms and Conditions Applicable to Support & Warranty-Related Services section of this Agreement. In the event that customer's Supported Product is located in an area not currently serviced by a major common carrier or with limited service by one or more major common carriers, Dell's normal repair service will be delayed.

preceding sentence is not transferable and shall apply only to the original Agreement purchaser. If you cancel this Agreement after thirty (30) days of your receipt of this Agreement, you are entitled to a pro-rata refund as follows: Refund = The Total Price minus (a) the number of days from the invoice date or other start date noted on your invoice or information page until we receive notice of your cancellation divided by the term of this Agreement; (b) 0.1 multiplied by the Total Price; and (c) the cost of any repair or replacement provided to you before cancellation. A 10% penalty per month shall be added to a refund that is not paid within 45 days after return of the service contract. If Dell cancels this Agreement, Dell shall mail a written notice to the holder of this Agreement at the last known address of such holder that is contained in our records at least ten (10) days prior to cancellation by Dell, and the notice shall state the effective date of cancellation and the reason for cancellation. Prior notice is not required if Dell cancels due to non-payment of the provider fee, a material misrepresentation by the Agreement holder to Dell, or a substantial breach of duties by the Agreement holder relating to the covered product or its use. The obligations of Dell under this service contract are insured under a service contract reimbursement insurance policy, and if Dell fails to pay or provide service on a claim within sixty days after proof of loss has been filed, the contract holder is entitled to make a claim directly against the insurer under the service contract reimbursement insurance policy by contacting Starr Indemnity & Liability Company, 399 Park Avenue, 2nd Floor, New York, NY 10022 (855) 438-2390.
