

Dell Technologies Service Description

Extended Battery Service

Introduction

Dell is pleased to provide Extended Battery Service (the “**Service(s)**”) in accordance with this Service Description (“**Service Description**”). Your quote, order form or other mutually-agreed upon form of invoice or order acknowledgment (as applicable, the “**Order Form**”) will include the name of the service(s) and available service options that you purchased. For additional assistance or to request a copy of your service contract(s), contact Dell Technical Support or your sales representative.

Scope of Service

Extended Battery Service is available for select products that are entitled to “Dell’s Limited Warranty” and service contract coverage of greater than one year. Dell’s Limited Warranty and service contract provides primary portable computer battery coverage for the lesser of either 1-year or the length of the limited warranty for the Dell portable computer with which the battery is shipped. This service can be purchased separately and after Customer purchases the Supported Product(s) until the expiration of the first year of warranty coverage for such Supported Product(s). This Service extends the primary battery term of coverage by one or two years and provides a replacement battery during the extended term in the event the primary battery experiences a failure. This Service is limited to one battery replacement during the extended term only, and this Service Description terminates after the Customer receives a battery replacement or the Extended Battery Service period expires on the Supported Product, whichever event occurs earlier. Additionally, if the replacement battery sent by Dell to the Customer experiences a failure within 90 days after receipt, a subsequent replacement for that battery will be provided.

After troubleshooting and confirmation that the Customer has experienced a Qualified Incident during the Extended Battery Service period and in accordance with the definition of a “Qualified Incident” in their warranty service contract, Dell will authorize a replacement battery. The Customer should return the failed battery to Dell or otherwise dispose of it in accordance with the terms of this Service Description and any instructions provided by Tech Support.

- Customer Replaceable Unit (CRU) batteries will be sent to the Customer and then the Customer will replace their failed battery.
- For Field Replaceable Units (FRU), the Service entitlement will follow the underlying system warranty repair model. Consequently, the delivery of FRU batteries requires a qualified technician or the customer to return the system to Dell for repair.

Exclusions

For the avoidance of doubt, the following activities are not included in the scope of this Service Description:

- Any services, tasks or activities other than those specifically noted in this Service Description.
- More than one battery replacement per Supported Product.
- Coverage for a different type of battery than what was originally ordered with the portable computer system.
- Coverage for secondary batteries
- Support for damage resulting from moving the Supported Product from one geographic location to another or from one entity to another.

This Service Description does not confer on Customer, as defined below, any warranties which are in addition to the warranties provided under the terms of your master services agreement or Agreement, as defined below, as applicable.

Offer Specific Customer Responsibilities

Customer will:

- Report battery failure to Dell hardware warranty support in accordance with Customer's applicable Agreement
- Upon request, provide Dell the serial tag number and piece part identification information ("PPID") or adequate detail to validate that a contract covered battery failure has occurred and is covered by this Service
- Inform the technician that Extended Battery Service was purchased for the system
- Upon receipt of the replacement battery, return failed Battery to Dell in the provided pre-paid packaging for proper disposal. Dell is not responsible for batteries which are not disposed of properly.
- Complete a backup of all existing data and programs on all affected systems prior to the delivery of this Service. DELL WILL HAVE NO LIABILITY FOR LOSS OR RECOVERY OF DATA OR PROGRAMS or loss of use of system(s) arising out of the services or support or any act or omission, including negligence, by Dell or a third-party service provider.

General Customer Responsibilities

Authority to Grant Access. Customer represents and warrants that it has obtained permission for both Customer and Dell to access and use the Supported Products, the data located thereon and all hardware and software components included therein, for the purpose of providing these Services. If Customer does not already have that permission, it is Customer's responsibility to obtain it, at Customer's expense, before Customer asks Dell to perform these Services.

Cooperate with Phone Analyst and On-site Technician. Customer will cooperate with and follow the instructions given by any Dell phone analyst or on-site technicians. Experience shows that most system problems and errors can be corrected over the phone as a result of close cooperation between the user and the analyst or technician.

On-site Obligations. Where Services require on-site performance, Customer will provide (at no cost to Dell) free, safe and sufficient access to Customer's facilities and the Supported Products, including ample working space, electricity, and a local telephone line. A monitor or display, a mouse (or pointing device), and a keyboard must also be provided (at no cost to Dell), if the system does not already include these items.

Maintain Software and Serviced Releases. Customer will maintain software and Supported Products at Dell-specified minimum release levels or configurations as specified on PowerLink for Dell | EMC Storage or EqualLogic™, or as specified on Support.Dell.com for additional Supported Products. Customer must also ensure installation of remedial replacement parts, patches, software updates or subsequent releases as directed by Dell in order to keep the Supported Products eligible for this Service.

Data Backup; Removing Confidential Data. Customer will complete a backup of all existing data, software and programs on all affected systems prior to and during the delivery of this Service. Customer should make regular backup copies of the data stored on all affected systems as a precaution against possible failures, alterations, or loss of data. In addition, Customer is responsible for removing any confidential, proprietary, or personal information and any removable media such as SIM cards, CDs, or PC Cards regardless of whether an on-site technician is also providing assistance. Dell will not be responsible for the restoration or reinstallation of any programs or data.

The following limitation of liability provisions do not apply in Germany, Austria, Switzerland and France, where the limitation of liability provisions as set out in the Agreement will apply. Further to the limitation of liability provisions as set out in the Agreement, the liability for loss of data is further limited to the costs of reinstalling the backup in these countries.

Unless otherwise required by applicable local laws, DELL WILL HAVE NO LIABILITY FOR:

- ANY OF YOUR CONFIDENTIAL, PROPRIETARY OR PERSONAL INFORMATION;
- LOST OR CORRUPTED DATA, PROGRAMS OR SOFTWARE;
- DAMAGED OR LOST REMOVABLE MEDIA;
- DATA OR VOICE CHARGES INCURRED AS A RESULT OF FAILING TO REMOVE ALL SIM CARDS OR OTHER REMOVABLE MEDIA INSIDE SUPPORTED PRODUCTS THAT ARE RETURNED TO DELL;
- THE LOSS OF USE OF A SYSTEM OR NETWORK;
- AND/OR FOR ANY ACTS OR OMISSIONS, INCLUDING NEGLIGENCE, BY DELL OR A THIRD-PARTY SERVICE PROVIDER.

When returning a Supported Product or part thereof, Customer will only include the Supported Product or part which has been requested by the phone technician.

Third Party Warranties. These Services may require Dell to access hardware or software that is not manufactured or sold by Dell. Some manufacturers' warranties may become void if Dell or anyone else other than the manufacturer works on the hardware or software. Customer will ensure that Dell's performance of Services will not affect such warranties or, if it does, that the effect will be acceptable to Customer. Dell does not take responsibility for third party warranties or for any effect that the Services may have on those warranties.

Dell Services Terms & Conditions

This Service Description is entered between you, the customer (“you” or “Customer”), and the Dell entity identified on your invoice for the purchase of this Service. This Service is provided subject to and governed by Customer’s separate signed master services agreement with Dell that explicitly authorizes the sale of this Service. In the absence of such agreement, depending on Customer’s location, this Service is provided subject to and governed by either Dell’s Commercial Terms of Sale, Dell’s standard Customer Master Services Agreement, or the agreement referenced in the table below (as applicable, the “Agreement”). Please see the table below which lists the URL applicable to your Customer location where your Agreement can be located. The parties acknowledge having read and agree to be bound by such online terms.

Customer further agrees that by renewing, modifying, extending or continuing to utilize the Service beyond the initial term, the Service will be subject to the then-current Service Description available for review at [Dell.com/servicesdescriptions/global](https://www.dell.com/servicesdescriptions/global).

If there is a conflict between the terms of any of the documents that comprise this Agreement, the documents will prevail in the following order: (i) this Service Description; (ii) the Agreement; (iii) the Order Form. Prevailing terms will be construed as narrowly as possible to resolve the conflict while preserving as much of the non-conflicting terms as possible, including preserving non-conflicting provisions within the same paragraph, section or sub-section.

By placing your order for the Services, receiving delivery of the Services, utilizing the Services or associated software or by clicking/checking the "I Agree" button or box or similar on the Dell.com website in connection with your purchase or within a Dell software or Internet interface, you agree to be bound by this Service Description and the agreements incorporated by reference herein. If you are entering this Service Description on behalf of a company or other legal entity, you represent that you have authority to bind such entity to this Service Description, in which case "you" or "Customer" shall refer to such entity. In addition to receiving this Service Description, Customers in certain countries may also be required to execute a signed Order Form.

Supplemental Terms & Conditions Applicable to Support & Warranty-Related Services

1. Supported Products

This Service is available on select supported products which are purchased in a standard configuration (“**Supported Products**”). Supported Products are added regularly, so please contact your sales representative for the most up-to-date list of Services that are available on your Dell or non-Dell products. Each Supported Product is tagged with a serial number (the “**Service Tag**”). A separate service agreement must be purchased by Customer for each Supported Product. For example, a printer purchased with a laptop system is not covered by the laptop system's service contract; the printer and the laptop will each need their own service contract. Please refer to the Service Tag on your Supported Product when contacting Dell for this Service.

2. Support Services

- A. Whole Unit Replacement; Failure to Return.** If Dell determines that a component of the defective Supported Product is one that is easily disconnected and reconnected (such as a keyboard or monitor), or if the analyst determines that the Supported Product is one that should be replaced as a whole unit, Dell reserves the right to send Customer a whole replacement unit. If Dell delivers a replacement unit to Customer, Customer must relinquish the defective system or component thereof to Dell, unless Customer has purchased “Keep Your Hard Drive” for the affected system, in which case Customer may retain the respective hard drive(s). If Customer does not relinquish the defective system or component to Dell as required above, or if the defective unit is not returned within ten (10) days in accordance with written instructions provided with the replacement unit (in the event the replacement unit was not delivered in person by a Dell technician), Customer agrees to pay Dell for the replacement unit upon receipt of invoice. If Customer fails to pay such invoice within ten (10) days after receipt, in addition to any other legal rights and remedies available to Dell, Dell may terminate this Service Description upon notice.
- B. Parts Stocked; Mission Critical Parts.** Dell currently stocks parts in various locations throughout the world. Selected parts may not be stocked in the location closest to Customer's site. If a part that is needed to repair the Supported Product is not available from a Dell facility near Customer's location and must be transferred from another facility, it will be shipped using overnight delivery. 2-Hour and 4-Hour parts locations stock mission critical parts of Supported Products, as determined by Dell. A mission critical part is one which upon failure may prevent the Supported Product from performing its basic functions. Parts deemed non-critical include, but are not limited to: software, floppy drives, media drives, modems, speakers, sound cards, zip drives, monitors, keyboards, and mice. In order to receive 2-Hour or 4-Hour parts, Customer must have purchased a corresponding service contract that supports mission critical parts delivery and the Supported Product must be located within the supported coverage area, as determined by Dell.
- C. Service Parts Ownership.** All Dell service parts removed from the Supported Product and returned to Dell become the property of Dell. Customer must pay Dell at the then-current retail price for any service part removed from the Supported Product which are retained by Customer (except for hard drives from Supported Products covered by “Keep Your Hard Drive” service) if Customer has received replacement parts from Dell. Dell might use and, as allowed by law, Customer expressly authorizes the use of new or reconditioned parts, or both, made by various manufacturers in performing warranty repairs. The reconditioned parts will be equivalent in functionality and quality when compared with new parts.

3. Term of Service. This Service Description commences on the date listed on your Order Form and continues through the term (“**Term**”) indicated on the Order Form. As applicable, the number of systems, licenses, installations, deployments, managed end points or end-users for which Customer has purchased any one or more Services, the rate or price, and the applicable Term for each Service is indicated on Customer's Order Form. Unless otherwise agreed in writing between Dell and Customer, purchases of Services under this Service Description must be solely for Customer's own internal use and not for resale or service bureau purposes.

4. Important Additional Information

- A. Rescheduling.** Once this Service has been scheduled, any changes to the schedule must occur at least 8 calendar days prior to the scheduled date. If Customer reschedules this service within 7 days or less prior to the scheduled

date, there will be a rescheduling fee not to exceed 25% of the price for the Services. Any rescheduling of the Service will be confirmed by Customer at least 8 days prior to commencement of the Service.

- B. **Commercially Reasonable Limits to Scope of Service.** Dell may refuse to provide Service if, in its commercially reasonable opinion, providing the Service creates an unreasonable risk to Dell or Dell's Service providers or if any requested service is beyond the scope of Service. Dell is not liable for any failure or delay in performance due to any cause beyond its control, including Customer's failure to comply with its obligations under this Service Description. Service extends only to uses for which the Supported Product was designed.
- C. **Assignment and Subcontracting.** Dell may subcontract this Service and/or assign this Service Description to qualified third party service providers who will perform the Service on Dell's behalf.
- D. **Cancellation.** Dell may cancel this Service at any time during the Term for any of the following reasons:
 - Customer fails to pay the total price for this Service in accordance with the invoice terms;
 - Customer is abusive, threatening, or refuses to cooperate with the assisting analyst or on-site technician; or
 - Customer fails to abide by all of the terms and conditions set forth in this Service Description.

If Dell cancels this Service, Dell will send Customer written notice of cancellation at the address indicated on Customer's invoice. The notice will include the reason for cancellation and the effective date of cancellation, which will be not less than ten (10) days from the date Dell sends notice of cancellation to Customer, unless local law requires other cancellation provisions that may not be varied by agreement. If Dell cancels this Service pursuant to this paragraph, Customer shall not be entitled to any refund of fees paid or due to Dell.

- E. **Geographic Limitations and Relocation.** This Service will be delivered to the site(s) indicated on the Customer's invoice. This Service is not available at all locations. Service options, including service levels, technical support hours, and on-site response times will vary by geography and certain options may not be available for purchase in Customer's location, so please contact your sales representative for these details. Dell's obligation to supply the Services to relocated Supported Products is subject to various factors, including without limitations, local Service availability, additional fees, and inspection and recertification of the relocated Supported Products at Dell's then-current time and materials consulting rates.
- F. **Transfer of Service.** Subject to the limitations set forth in this Service Description, Customer may transfer this Service to a third party who purchases Customer's entire Supported Product before the expiration of the then-current Term, provided Customer is the original purchaser of the Supported Product and this Service or Customer purchased the Supported Product and this Service from its original owner (or a previous transferee) and complied with all the transfer procedures available at [Support.Dell.com](https://support.dell.com). A transfer fee may apply. Please note that if Customer or Customer's transferee moves the Supported Product to a geographic location in which this Service is not available (or is not available at the same price), Customer or Customer's transferee may not have coverage or may incur an additional charge to maintain the same categories of support coverage at the new location. If Customer or Customer's transferee chooses not to pay such additional charge, the Service may be automatically changed to categories of support which are available at such price or a lesser price in such new location with no refund available.
