Eco-friendly Carrying Cases

WORK. TRAVEL. PLAY. PROTECT.

EcoLoop™
Introducing the latest in sustainable carrying cases. Designed with reclaimed materials and a more Earth-friendly solution dyeing process that reduces the carbon footprint, you can travel with peace of mind knowing you’re protecting your device and the environment as well.

TOGETHER, WE CAN MAKE A DIFFERENCE.

Make a positive impact with Dell’s carrying cases designed with the Earth in mind. Dell’s EcoLoop solution dyeing process for polyester generates up to 90% less wastewater, 62% less CO2 emissions, and uses up to 29% less energy than traditional dyeing processes*, these backpacks and briefcases are part of the next wave of Dell’s revolutionary eco-friendly products. Further protect the environment and your electronic devices with an incredible water-resistant protective coating derived from reclaimed automobile windshields.

Our Earth-friendly solution dyeing process* lowers manufacturing waste by:

90% Less waste
62% Less CO2 emissions
29% Less energy usage

*Based on Dell internal analysis of published data on solution-dyed virgin polyester and fabric supplier data sheets, December 2018.
The ultimate travel companion.

Stay streamlined and connected no matter where you are. The TSA Checkpoint-Friendly design lets you breeze through security without removing your laptop. Convenient in-bag charging and padded compartments make the Dell Premier series the ideal choice for easy travel.
