How to get your software license key

STEP 1
Open and sign into your Dell Digital Locker account
Open **Digital Products** page to see all the products within your account.

From this page you can open the **Product Management** page by selecting “View Details” to obtain your license.

**STEP 2**

*Open product details*
To get your license key select “Get Key”
Some products need the hardware on which they are installed to be identified before a license key can be created.

**STEP 4** Enter any required information for your license.

Enter hardware information and select a delivery option.
Some licenses are files that can be downloaded or emailed.

**STEP 5** Obtain your license
Thank You for Choosing Dell

How to get your software license key

The Dell Digital Locker allows you to view and manage your products, software, and licensing information in one location. Make sure that you sign in with your email address that was used at the time of purchase or that was used to assign you to your account. You can:

- Download purchased software
- Access licensed software products
- Download updates and patches
- Manage user and product groups
- View software license entitlements
