Dell Digital Locker

How to manage your product groups

Open your Dell Digital Locker account

STEP 1

The Dell Digital Locker allows you to view and manage your products, software, and licensing information in one location. Make sure that you sign in with your email address that was used at the time of purchase or that was used to assign you to your account. You can:

- Download purchased software
- Access licensed software products
- Download updates and patches
- Manage user and product groups
- View software license entitlements

Quick Start Guide

Sign In

Create an Account
Only a super admin can create a product group.

- Add a product group
- Edit an existing group

Product Groups are shown here

**STEP 2**

Open **Groups** page, then **Product Groups** tab to create or edit a Product Group.
When creating a product group or editing an existing group that you are a super admin or admin on, you can also manage the group name.

**STEP 3**

Create the name and select a user group that will manage the products within the product group.
Assign products by selecting them by unselecting them and then saving the changes.
How to manage your product groups

Thank You for Choosing Dell
