

Service Description

Dell EMC ProSupport and Dell EMC ProSupport with Mission Critical Option

Introduction

Dell EMC¹ is pleased to provide Dell EMC ProSupport and Dell EMC ProSupport with Mission Critical Option (the “**Service(s) or Support Services**”) in accordance with this Service Description (“**Service Description**”). Your quote, order form or other mutually-agreed upon form of invoice or order acknowledgment from Dell EMC (as applicable, the “**Order Form**”) will include the name of the service(s) and available service options that you purchased. For additional assistance, or to request a copy of your governing agreement applicable to the Services (the “**Agreement**”), contact your Dell EMC sales representative. For a copy of your agreement with your applicable Dell EMC reseller, contact that reseller.

The Scope of This Service

The features of your Service include:

- Access on a 24x7 basis (including holidays)² to the Dell EMC Customer Service and Support organization for troubleshooting assistance of Dell EMC Products and select Dell-branded OEM software issues.
- On-site dispatch of technician and/or replacement parts delivery to the Installation Site or other mutually agreed upon Customer’s business location approved by Dell EMC as detailed in the Agreement (as necessary and according to level of service purchased) to address a Product problem. Refer to **Attachment A** for more details on severity levels and onsite service options for products purchased pursuant to an Agreement with a Dell sales entity, and **Attachment B** for more details on severity levels and onsite service options for products purchased pursuant to an Agreement with an EMC sales entity. If you purchased pursuant to an agreement with an EMC sales entity, in the event of a conflict between this document and an Attachment, the terms in the Attachment govern.

How to Contact Dell EMC if You Require Service

Online, Chat, and Email Support: Dell EMC website, chat, and email support available at www.Support.Dell.com and <https://support.emc.com/> as applicable.

Telephone Support Requests: Available on a 24x7 basis (including holidays). Availability may differ outside of the United States and is limited to commercially reasonable efforts unless otherwise specified in the applicable Attachment. Visit www.Dell.com/ProSupport/RegionalContacts and <https://support.emc.com/> (as applicable) for a list of applicable telephone numbers for your location.

Collaborative Assistance

If Customer opens a service request and Dell EMC determines that the problem arises in connection with an eligible third-party vendor’s products commonly utilized in conjunction with Products covered by a current Dell EMC warranty or maintenance contract, Dell EMC will endeavor to provide Collaborative Assistance under which Dell EMC: (i) serves as a single point of contact until the problems are isolated; (ii) contacts the third-party vendor; (iii) provides problem documentation; and (iv) continues to monitor the problem and obtain status and resolution plans from the vendor (where reasonably possible).

To be eligible for Collaborative Assistance, Customer must have the appropriate active support agreements and entitlement directly with the respective third-party vendor and Dell EMC or an authorized Dell EMC reseller. Once isolated and reported, the third-party vendor is solely responsible to provide all support, technical and otherwise, in connection with resolution of the Customer’s problem. **DELL EMC IS NOT RESPONSIBLE FOR THE PERFORMANCE OF OTHER VENDORS’ PRODUCTS OR SERVICES.** View current Collaborative Assistance partners [here](#) and <https://support.emc.com/docu85596>, as applicable. Please note that supported third-party products may change at any time without notice to Customer.

¹ “Dell EMC”, as used in this document, means the applicable Dell sales entity (“Dell”) specified on your Dell Order Form and the applicable EMC sales entity (“EMC”) specified on your EMC Order Form. The use of “Dell EMC” in this document does not indicate a change to the legal name of the Dell or EMC entity with whom you have dealt.

² Availability varies by country. Contact your sales representative for more information.

Severity Levels

Severity levels will be assigned to Qualified Incidents according to the table(s) below. “Severity 1” status is contingent on Customer purchasing optional “Mission Critical” enhanced services with Dell ProSupport.

Severity Levels and Dell Response for Products Purchased with Optional “Mission Critical” Service

Severity	Condition	Dell Response	Customer Role
1	Complete loss of critical business function, requiring immediate response.	Emergency dispatch in parallel with immediate telephone troubleshooting; quick Escalation Manager intervention.	Provide twenty-four (24) hours/day by seven (7) days/week appropriate staff/resources in support of issue resolution. Site-based senior management should be informed and engaged.
2	High impact, but imminent workaround or resolution available; twenty-four (24) hours/day by seven (7) days/week Customer resource allocation not available to aid Dell in its response.	Immediate telephone troubleshooting; Escalation Manager intervention if remote diagnosis has not been determined within 90 minutes of contact. Parts/labor dispatch when necessary <i>after</i> telephone troubleshooting and diagnosis.	Provide appropriate staff and resources to sustain continuous communication and work efforts. Site-based senior management informed and engaged.

Severity Levels and Dell Response for Products Purchased with Next Business Day Service

Severity	Condition	Dell Response	Customer Role
2	High impact, but imminent workaround or resolution available; twenty-four (24) hours/day by seven (7) days/week Customer resource allocation not available to aid Dell in its response.	Immediate phone troubleshooting; Escalation Manager intervention if remote diagnosis has not been determined within ninety (90) minutes of contact. Parts/labor dispatch <i>after</i> telephone troubleshooting and diagnosis.	Provide appropriate staff and resources to sustain continuous communication and work efforts. Site-based senior management informed and engaged.
3	Minimal business impact.	Troubleshooting by telephone, parts/labor dispatched <i>after</i> telephone troubleshooting and diagnosis.	Provide point-of-contact information for case and respond to Dell requests within twenty-four (24) hours.

On-site Service Options

On-site response options vary depending on the type of service purchased. If you purchased an on-site support service response level, your invoice indicates the applicable on-site service response level, which corresponds to the tables below. Provided all applicable terms and conditions set forth in this Service Description have been fulfilled, Dell will dispatch a service technician to the Customer’s business location for a Qualified Incident as necessary and pursuant to the Severity level and applicable on-site response table at the top of the following page.

Dell ProSupport On-site Response WITH Mission Critical Service

This Service when purchased in conjunction with “Mission Critical” service provides faster response times. Dell may initiate a critical situation (“Crit Sit”) process for severity level one (1) issues and issue emergency dispatches when required³.

Type of On-site Response	On-site Response Time ⁴	Restrictions/Special Terms
2-Hour On-site Response with 6-Hour Repair Service	Technician typically arrives on-site within 2 hours after completion of telephone-based troubleshooting and often repairs the hardware within 6 hours of dispatch.	<ul style="list-style-type: none"> Available seven (7) days each week, twenty-four (24) hours each day - including holidays. Available within defined two (2) hour response locations. Available on select models of Supported Products. 2 Hour parts locations stock mission critical components, as determined by Dell, of Supported Products. Non-mission critical parts may be shipped using overnight delivery. Emergency dispatch in parallel with troubleshooting available for issues assigned a Mission Critical Severity Level 1 status.
4-Hour On-site Response	Technician typically arrives on-site within 4 hours after completion of telephone-based troubleshooting.	<ul style="list-style-type: none"> Available seven (7) days each week, twenty-four (24) hours each day - including holidays. Available within defined four (4) hour response locations. Dell ProSupport On-site Next Business Day Service Response

Type of On-site Response	On-site Response Time	Restrictions/Special Terms
Next Business Day On-site Response	Following telephone-based troubleshooting and diagnosis, a technician can usually be dispatched to arrive on-site the next business day.	<ul style="list-style-type: none"> Available five (5) days each week, ten (10) hours each day - excluding holidays. Calls received by Dell expert center after 5:00 PM⁴ local Customer time (Monday - Friday) and/or dispatches submitted by Dell after that time may require an additional business day for service technician to arrive at Customer’s location. Available only on select models of Supported Products.

Type of On-site Response	On-site Response Time	Restrictions/Special Terms
Outside Continental United States (“OCONUS”) Customers	Following telephone-based troubleshooting, parts can be dispatched. On-site arrival times will depend on OCONUS Customer location and part-availability.	<ul style="list-style-type: none"> Limited to Dell-approved (US only) OCONUS Customers. Availability limited to select systems and locations. See http://content.dell.com/us/en/fedgov/fed-solutions-oconus.aspx?~ck=bt for details. Federal Customers should consult OCONUS Service Locations in Customer’s applicable separately-signed services agreement with Dell.

For All Other On-site Response Service Options:

Following completion of remote troubleshooting, diagnosis, and problem determination, a Dell analyst will determine if the Qualified Incident requires an on-site service technician and/or parts to be dispatched or if the issue can be resolved remotely.

³ Emergency Dispatch for Mission Critical Severity Level 1 issues: Supported Products with a Dell ProSupport Plus or ProSupport Plus powered by Copilot with Mission Critical Speed of Response service contract with two (2) hour or four (4) hour on-site response will have an on-site technician dispatched, if necessary, in parallel with phone-based troubleshooting. Following completion of problem determination, a Dell analyst will determine if the issue requires parts to be dispatched

⁴ Not all response times are available in all countries and locations. Contact your sales representative for more information.

Dell Services Terms & Conditions

This Service Description is entered between you, the customer (“you” or “Customer”), and the Dell entity identified on your invoice for the purchase of this Service. This Service is provided subject to and governed by Customer’s separate signed master services agreement with Dell that explicitly authorizes the sale of this Service. In the absence of such agreement, depending on Customer’s location, this Service is provided subject to and governed by either Dell’s Commercial Terms of Sale or the agreement referenced in the table below (as applicable, the “Agreement”). Please see the table on the following page which lists the URL applicable to your Customer location where your Agreement can be located. The parties acknowledge having read and agree to be bound by such online terms.

authority to bind such entity to this Service Description, in which case “you” or “Customer” shall refer to such entity. In addition to receiving this Service Description, Customers in certain countries may also be required to execute a signed Order Form.

Additional Terms and Conditions for All Supported Products

Dell SupportAssist

Dell SupportAssist is a software application that when installed and configured, will monitor your system and collect information to assist in providing technical support. In the event an issue is detected, the information collected can be sent to Dell to provide you with an enhanced, personalized and efficient support experience.

Used with ProSupport, SupportAssist will provide the following features and capabilities:

- Monitoring of systems for issues impacting normal operation and performance.
- Automatic creation of Dell Technical Support requests in the event of issue detection.
- Automatic uploading of diagnostics and other data that allows efficient diagnosis of issues.

By installing SupportAssist, you allow Dell to save your contact information (e.g. name, phone number, and/or email address) which would be used to provide technical support for your Supported System(s). By enabling the Log Collection features Dell may use the information gathered for providing recommendations to improve your IT infrastructure.

Note: Removal or de-activation of SupportAssist or opting out of log collections options will impair Dell’s ability to provide customers with the certain features of the Services as described in this Service Description, as well as other services that require access to the information collected by SupportAssist to function properly.

To learn more about Dell SupportAssist and see the latest list of supported Dell products please visit the Dell SupportAssist website at: <http://Dell.Com/SupportAssist>.

Comprehensive Software Support

Dell ProSupport includes Dell Comprehensive Software Support for select Dell OEM end-user applications, operating systems, hypervisors and firmware on Supported Products (the “**Covered Software Products**”) over the telephone, or by transmission of software and other information through electronic means, or by shipping software and/or other information to Customer. Covered Software Products include pre-installed end-user client applications such as Norton AntiVirus™ software, Microsoft® Office software suite, Intuit® QuickBooks® accounting software, Adobe® Photoshop® software and Adobe Acrobat® software. Client operating system and application “Getting Started” assistance associated with common Dell OEM end-user applications such as Norton AntiVirus™ software, Microsoft® Office software suite, Intuit® QuickBooks® accounting software, Adobe® Photoshop® software and Adobe Acrobat® software. Certain OEM server operating systems and hypervisors, such as Microsoft Hyper-V®, VMware ESX®, and Citrix XenServer® are also supported. Please contact a Dell technical support analyst for an up-to-date list of Covered Software Products.

View current Comprehensive Software Support partners [here](#). Please note that supported third-party products may change at any time without notice to Customers.

Limits on Dell Comprehensive Software Support. Dell does not warrant that any particular software-related question will be resolved or that the Covered Software Product will produce any particular result. Situations giving rise to Customer’s questions must be reproducible on a single system (*i.e.*, one central processing unit with its workstation and other peripherals). Dell may conclude that a software issue is sufficiently complex or that Customer’s Supported Product is of a nature that precludes effective analysis of the question through telephone support. Customer understands and accepts that resolutions of certain issues giving rise to Customer’s service request may not be available from the publisher of the relevant software title. Customer accepts that in such situations where no resolution is available from the publisher of the relevant software title, Dell’s obligation to provide support to the Customer will be fully satisfied.

Excluded Services

- Performance or administrative assistance.
- Activities such as installation, de-installation, relocation, preventative maintenance, training assistance, remote administration, or any activities or services not expressly described in this Service Description.
- Supply items, media replacement, operating supplies, cosmetic accessories or parts such as batteries, frames, and cover or support thereon.
- Direct third party product support or collaborative assistance of versions not currently supported by the manufacturer, vendor, or partner.
- Support to the hardware or/and software pre-installed or post-installed by OEM, unless it is covered by a separate service contract purchased from Dell.

- Spyware/virus removal.
- Data backup services.
- Advanced wireless, networking or remote installation, set-up, optimization and configuration of applications beyond those described in this Service Description.
- Scripting, programming, database design/implementation, web development or recompiled kernels.
- Repair of damage or defects in supported Products which are purely cosmetic and do not affect device functionality.
- Repairs necessitated by software problems, or as a result of alteration, adjustment, or repair by anyone other than Dell, Dell's Authorized Reseller or Service Provider or by customers utilizing Customer Self Replaceable (CSR) parts.

General Customer Responsibilities for all Supported Products Purchased under a Dell Master Sales Agreement

Authority to Grant Access. Customer represents and warrants that it has obtained permission for both Customer and Dell to access and use the Supported Products, the data located thereon and all hardware and software components included therein, for the purpose of providing these Services. If Customer does not already have that permission, it is Customer's responsibility to obtain it, at Customer's expense, before Customer asks Dell to perform these Services.

On-site Obligations. Where Services require on-site performance, Customer will provide (at no cost to Dell) free, safe and sufficient access to Customer's facilities and the Supported Products, including ample working space, electricity, and a local telephone line. A monitor or display, a mouse (or pointing device), and a keyboard must also be provided (at no cost to Dell), if the system does not already include these items.

Maintain Software and Serviced Releases. Customer will maintain software and Supported Products at Dell-specified minimum release levels or configurations. Customer must also ensure installation of remedial replacement parts, patches, updates or subsequent releases as directed by Dell in order to keep the Supported Products eligible for this Service.

Data Backup; Removing Confidential Data. Customer will complete a backup of all existing data, software and programs on all affected systems prior to and during the delivery of this Service. Customer should make regular backup copies of the data stored on all affected systems as a precaution against possible failures, alterations, or loss of data. In addition, Customer is responsible for removing any confidential, proprietary, or personal information and any removable media such as SIM cards, CDs, or PC Cards regardless of whether an on-site technician is also providing assistance. **DELL WILL HAVE NO LIABILITY FOR:**

- **ANY OF YOUR CONFIDENTIAL, PROPRIETARY OR PERSONAL INFORMATION;**
- **LOST OR CORRUPTED DATA, PROGRAMS OR SOFTWARE;**
- **DAMAGED OR LOST REMOVABLE MEDIA;**
- **DATA OR VOICE CHARGES INCURRED AS A RESULT OF FAILING TO REMOVE ALL SIM CARDS OR OTHER REMOVABLE MEDIA INSIDE SUPPORTED PRODUCTS THAT ARE RETURNED TO DELL;**
- **THE LOSS OF USE OF A SYSTEM OR NETWORK;**
- **AND/OR FOR ANY ACTS OR OMISSIONS, INCLUDING NEGLIGENCE, BY DELL OR A THIRD-PARTY SERVICE PROVIDER.**

Dell will not be responsible for the restoration or reinstallation of any programs or data. When returning a Supported Product or part thereof, Customer will only include the Supported Product or part which has been requested by the phone technician.

Third Party Warranties. These Services may require Dell to access hardware or software that is not manufactured by Dell. Some manufacturers' warranties may become void if Dell or anyone else other than the manufacturer works on the hardware or software. Customer will ensure that Dell's performance of Services will not affect such warranties or, if it does, that the effect will be acceptable to Customer. Dell does not take responsibility for third party warranties or for any effect that the Services may have on those warranties.

General Terms and Conditions for all Warranty-Related Supported Products Purchased under a Dell Master Sales Agreement

Supported Products. This Service is available on supported products which includes select Dell OptiPlex™, Latitude™, Venue™, Inspiron™, Precision™, Vostro™, XPS™, Gateway Edge, Embedded PCs PowerEdge™, PowerEdge SC™, PowerVault™, PowerConnect™, Dell EqualLogic™, Dell Storage SC™, Dell | EMC Storage Systems™, Dell Wyse™ and Dell printers, monitors and smartphones which are purchased in a standard configuration, as well as select Microsoft™ Surface Pro™ tablets ("**Supported Products**"). Supported Products are added regularly, so please contact your sales representative for the most up-to-date list of Services that are available on your Dell or non-Dell products. Each Supported Product is tagged with a serial number (the "**Service**

Tag"). A separate service agreement must be purchased by Customer for each Supported Product. Please refer to the Service Tag on your Supported Product when contacting Dell for this Service.

Limited Hardware Warranty; Hardware Coverage Limitations. Support-related services may include technical support options (telephone, Internet, etc.) and service parts and related labor services to repair or replace defect(s) in workmanship pursuant to and occurring within the limited warranty period applicable to Customer's Supported Product(s) (a "Qualified Incident"). Dell's Limited Hardware Warranty for US. And Canadian customers is available for review at <http://www.Dell.com/Warranty> or posted outside of the United States at your regional Dell.com website.* The Microsoft Surface Pro Warranty (available at: <http://www.microsoft.com/surface/warranty>) covers Surface Pro Supported Products for the first year of Customer's service Term (as defined below), and is fulfilled by Dell pursuant to the terms and conditions of this Service Description. Customer acknowledges that the risk of hardware failures may increase as the age of Customer's Supported Product increases. A Supported Product or a component of a Supported Product that carries a limited lifetime warranty will be serviced by Dell according to this Service Description for the duration of your Dell ProSupport service contract. After your Dell ProSupport service contract period expires, subsequent Qualified Incidents related to a Supported Product or component with a limited lifetime warranty will be serviced pursuant to the Dell Basic Hardware Service contract available at www.Dell.com/ServiceContracts/global. Hardware coverage limitations may apply and service offerings may be available to extend these hardware limitations for an additional fee. Please see www.Dell.com/Warranty or your regional Dell.com website for warranty information or contact a Dell technical support analyst for more details.

Dell International Services Program. This program provides service and support options when travelling with select Dell products outside of your home country and for a period of less than six (6) months. Additional terms and conditions apply; please contact Dell Technical Support for more details.

Whole Unit Replacement; Failure to Return; Service Part Ownership. If Dell determines that a component of the defective Supported Product is one that is easily disconnected and reconnected (such as a keyboard or monitor), or if the analyst determines that the Supported Product is one that should be replaced as a whole unit, Dell reserves the right to send Customer a whole replacement unit. If Dell delivers a replacement unit to Customer, Customer must relinquish the defective system or component thereof to Dell, unless Customer has purchased "Keep Your Hard Drive" for the affected system, in which case Customer may retain the respective hard drive(s). All Dell service parts removed from the Supported Product and/or whole units returned to Dell become the property of Dell. Customer must pay Dell at the then-current retail price for any service part or whole unit removed from the Supported Product which are retained by Customer (except for hard drives from Supported Products covered by "Keep Your Hard Drive" service) if Customer has received replacement parts from Dell. If Customer does not relinquish the defective system or component to Dell as required above, or if the defective unit is not returned within ten (10) days in accordance with written instructions provided with the replacement unit (in the event the replacement unit was not delivered in person by a Dell technician), Customer agrees to pay Dell for the replacement unit upon receipt of invoice. If Customer fails to pay such invoice within ten (10) days after receipt, in addition to any other legal rights and remedies available to Dell, Dell may terminate this Service Description upon notice. Dell uses and Customer expressly authorizes the use of new and reconditioned parts made by various manufacturers in performing warranty repairs.

Parts Stocked; Mission Critical Parts. Dell currently stocks parts in various locations throughout the world. Selected parts may not be stocked in the location closest to Customer's site. If a part that is needed to repair the Supported Product is not available from a Dell facility near Customer's location and must be transferred from another facility, it will be shipped as soon as is practical and commercially reasonable. 2-Hour and 4-Hour parts locations stock mission critical parts of Supported Products, as determined by Dell. A mission critical part is one which upon failure may prevent the Supported Product from performing its basic functions. Parts deemed non-critical include, but are not limited to: software, media drives, modems, speakers, sound cards, zip drives, monitors, keyboards, and mice. These parts may be shipped using overnight delivery. In order to receive 2-Hour or 4-Hour parts, Customer must have purchased a corresponding service contract that supports mission critical parts delivery and the Supported Product must be located within the supported coverage area, as determined by Dell.

Term of Service. This Service Description commences on the date listed on your Order Form and continues through the term ("Term") indicated on the Order Form. As applicable, the number of systems, licenses, installations, deployments, managed end points or end-users for which Customer has purchased any one or more Services, the rate or price, and the applicable Term for each Service is indicated on Customer's Order Form. Unless otherwise agreed in writing between Dell and Customer, purchases of Services under this Service Description must be solely for Customer's own internal use and not for resale or service bureau purposes.

Geographic Limitations and Relocation. This Service will be delivered to the site(s) indicated on the Customer's invoice. This Service is not available at all locations. If your Supported Product is not located in the geographic location that matches the location reflected in Dell's service records for your Supported Product, of if configuration details have been changed and not reported back to Dell, then Dell must first re-qualify your Supported Product for the support entitlement you purchased before applicable response times for the Supported Product can be reinstated. Service options, including service levels, technical support hours, and on-site response times will vary by geography and configuration, and certain options may not be available for purchase in Customer's location, so please contact your sales representative for these details. Dell's obligation to supply the Services to relocated Supported Products is subject to various factors, including without limitations, local Service availability, additional fees, and inspection and recertification of the relocated Supported Products at Dell's then-current time and materials consulting rates. For EMEA customers, unless stated otherwise in this Service Description or the Agreement, on-site service is available up to a distance

of 150 kilometers from nearest Dell Logistics location (PUDO or Pick-Up/Drop-off location). Please contact your sales representative for more information about availability of on-site service in EMEA.

Transfer of Service. Subject to the limitations set forth in this Service Description, Customer may transfer this Service to a third party who purchases Customer's entire Supported Product before the expiration of the then-current Term, provided Customer is the original purchaser of the Supported Product and this Service or Customer purchased the Supported Product and this Service from its original owner (or a previous transferee) and complied with all the transfer procedures available at www.support.dell.com. A transfer fee may apply. Please note that if Customer or Customer's transferee moves the Supported Product to a geographic location in which this Service is not available (or is not available at the same price), Customer or Customer's transferee may not have coverage or may incur an additional charge to maintain the same categories of support coverage at the new location. If Customer or Customer's transferee chooses not to pay such additional charge, the Service may be automatically changed to categories of support which are available at such price or a lesser price in such new location with no refund available.

Additional Terms and Conditions for Certain Supported Products

Non Field Serviceable Units

Return for Repair Service after Telephone-Based Troubleshooting. If, after remote diagnosis and troubleshooting, Dell determines that Customer's Supported Product requires Mail-In Service as described in the table below. Customer must immediately package the Supported Product and either mail or schedule carrier pickup on the same day, or the next available day to maintain Customer's entitlement, and any delay by Customer in packaging and returning or arranging for return of the Supported Product will result in delayed response times. Upon repair or replacement of the Supported Product, Dell will deliver the Supported Product to the carrier for return shipping to Customer. If non-Dell options added to Customer's Supported Product are found to be the cause of the reported problem, a service charge may be applied and repair and return times may be delayed. Dell reserves the right to send Customer a whole replacement for the Supported Product or a replacement for portions of the Supported Product rather than repairing and returning the Supported Product that Customer sent for repair. Customer is obligated to pay at the then-current standard Dell price for any service parts removed from Customer's Supported Product and not properly returned to Dell by Customer. Failure to timely pay for service parts not properly returned to Dell by Customer may result in suspension of Customer's service under this Agreement in accordance with Section 2.D of the Additional Terms and Conditions Applicable to Support & Warranty-Related Services above. In the event that customer's Supported Product is located in an area not currently serviced by a major common carrier or with limited service by one or more major common carriers, Dell's normal repair service will be delayed. The Return for Repair Service Options listed in the table below are not available in all countries and locations. Review your Order Form to confirm the Return for Repair Service Option that you purchased. Contact your sales representative for more information.

Service Response Level	Additional Options (if applicable)	Details
Return for Repair Service Options	Mail-in Service (MIS)	Mail-in Service is initiated by calling Dell technical support as outlined above. During diagnosis, the Dell Technician will determine if the issue requires that the Supported Product be sent to a Dell-designated repair center to support a Qualified Incident. Typical cycle time, including shipping to and from the repair center, is 10 business days from the date Customer ships the Support Product to Dell.
	Carry-In Service (CIS)	Carry-In Service is a “drop-off” service initiated by calling Dell technical support as outlined above. During the telephone-based troubleshooting process, the Dell Technician will diagnose whether a hardware fault is the issue: If so, then the Customer will be asked to deliver the Supported Product to a Dell-designated repair center or shipping location (at the Customer’s cost). Standard service hours are local business hours, available 5 days per week, excluding local national holidays. Repairs of Qualified Incidents will be performed in accordance with the response time identified on Customer’s Order Form. Once the Supported Product has been repaired, Dell will contact Customer to make arrangements to retrieve it. Repair service level agreements may vary by country and city.
Parts-Only Service	N/A	For Customers with Parts-Only Service, Dell will enable Customer to request replacement parts to support a Qualified Incident(s). Dell may provide whole unit exchanges rather than the exchange of individual parts, in which case Dell includes a prepaid shipping container with each replacement part for Customer to use to return the original defective part to Dell. Parts-Only Service includes limited telephone support to qualify the failing component – the telephone support does not include telephone-based trouble-shooting or other types of remote assistance.
Advanced Exchange Service	N/A	For Customers with Advanced Exchange Service, Dell may ship a replacement product to the Customer’s business location to support a Qualified Incident. In some instances, at Dell’s discretion, an on-site service technician may also be dispatched to replace/ install the replacement product. Upon receipt of the replacement product, Customer must return the defective Supported Product to Dell by taking the defective Supported Product to the designated return carrier location within 3 business days. If Dell determines that Customer’s Supported Product cannot be returned at a carrier location and Customer must return the Supported Product via a mail-in return method, then the packaging, shipping instructions, and a pre-paid shipping waybill will ordinarily be dispatched to Customer’s site with the replacement product. Upon receipt of the replacement product, Customer will immediately package the Supported Product and either mail or schedule carrier pickup on the same day, or the next available day. Should the Customer fail to return the defective item, a fee may be charged.
Return for Repair Service Options	Partner Led Carry-In Service (CIS) ⁵	Carry-In Service is a “drop-off” service initiated by either calling or bringing the Supported Product to a Dell-designated repair center or shipping location (at the Customer’s cost). Standard service hours are local business hours, available 5 days per week, excluding local national holidays. Dell ProSupport on Dell Edge Gateway and Embedded PC Products

Dell ProSupport, which is available on Dell Edge Gateway and Embedded PC products, provides comprehensive support of factory-installed OEM image of your operating system, pursuant to the Comprehensive Software Support terms above. Dell will not provide Comprehensive Software Support for custom images, 3rd party software, or infrastructure configuration. Dell cannot provide remote diagnosis or troubleshooting without customer assistance. **Customers are expected to provide the following:**

- You must have product in front of you. This will allow tech support to remote diagnose the failure and dispatch parts and labor if needed.
- You must provide product in safe environment for servicing. Dell onsite technicians will not be responsible for mounting and dismounting product
- You must provide monitor, mouse, and keyboard to onsite technician in order to troubleshoot product onsite
- You must provide power to product.

What IS included in ProSupport on Dell Edge Gateway and Embedded PC products	What IS NOT included in ProSupport on Dell Edge Gateway and Embedded PC products
Comprehensive support of factory OEM image of operating system	Comprehensive support for custom image, 3 rd party software, or infrastructure configuration. Remote diagnosis or troubleshooting without customer assistance.
Comprehensive support of entitled hardware	Comprehensive support for connectivity of non-entitled hardware or software.
Collaborative support as identified by the collaborative support list	Collaborative support for titles not on the collaborative support list

Additional Terms and Conditions Applicable to End Users Purchasing their Supported Product from an OEM

An "OEM" is a reseller who sells the Supported Products in a capacity as an original equipment manufacturer that is purchasing Dell Products and Services from the Dell OEM Solutions (or its successor) business group for an OEM project. An OEM typically embeds or bundles such Dell Products in or with OEM Customer's proprietary hardware, software or other intellectual property, resulting in a specialized system or solution with industry or task-specific functionality (such system or solution an "OEM Solution") and resells such OEM Solution under OEM's own brand. With respect to OEMs, the term "Supported Products" includes Dell Supported Products that are provided without Dell branding (*i.e.* unbranded OEM-ready system), and "End-User" means you, or any entity purchasing an OEM Solution for its own end-use and not for reselling, distributing or sub-licensing to others. It is OEM's responsibility to provide first level troubleshooting to the End User. An appropriate best-effort initial diagnosis should be performed by OEM before the call goes to Dell. This OEM maintains responsibility for providing the initial troubleshooting even when its End-

User engages Dell to request service, and if an End User contacts Dell for service without contacting their OEM, Dell will ask the End User to contact their OEM to receive first level troubleshooting before contacting Dell.

The warranty periods and support options (“Support Information”) on this website apply (i) only between the applicable EMC sales entity specified on your EMC Order Form (“EMC”) and those organizations that procure the applicable products and/or maintenance under a contract directly with such EMC sales entity (the “Customer”); and (ii) only to those products or support options ordered by the Customer at the time that the Support Information is current. Dell EMC may change the Support Information at any time. The Customer will be notified of any change in the Support Information in the manner stated in the then current product ordering and/or maintenance related agreement between EMC and the Customer, but any such change shall not apply to products or support options ordered by the Customer prior to the date of such change.

Dell EMC will have no obligation to provide Support Services with respect to Equipment that is outside the Service Area. “Service Area” means a location that is within (i) one hundred (100) drivable miles of an EMC service location; and (ii) the same country as the EMC service location, unless otherwise defined in your governing agreement with the applicable EMC sales entity, in which case the definition in the governing agreement prevails.

Products or services obtained from any Dell EMC reseller are governed solely by the agreement between the purchaser and the reseller. That agreement may provide terms that are the same as the Support Information on this website. The reseller may make arrangements with Dell EMC to perform warranty and/or maintenance services for the purchaser on behalf of the reseller. Please contact the reseller or the local Dell EMC sales representative for additional information on Dell EMC’s performance of warranty and maintenance services on Products obtained from a reseller.
