Meet the OptiPlex Family All-in-Ones

Powerful solutions in a single, elegant design

OptiPlex 7760 All-in-One

27" InfinityEdge All-In-One with leading technology for ultimate performance and collaboration, featuring optional 4K Ultra HD display and a premium silver finish. Optional Intel® vPro™ supports remote and advanced out-of-band management capabilities.

An opulent view: Choice of glare-free 4K Ultra HD with HDR & High-Gamut sRGB or Full HD IPS with touch display.

Incredible graphics: Next generation discrete graphics deliver a powerful and efficient work experience.

Ultimate collaboration: Optional pop-up webcam available with Full HD or infrared camera features Windows Hello sign on support, while the quad mic array and premium integrated speakers provide crystal clear sound at distances up to 12 feet. Available soon with Intel Unite® software to enable smart and secure meetings.

OptiPlex 7460 All-in-One

23.8" InfinityEdge All-in-One designed with industry-leading technology for high-performance and collaboration. Optional Intel® vPro™ technology allows for remote and advanced out-of-band management capabilities.

Sleek and expansive: Integrating seamlessly into any workspace, the all new design boasts an overall smaller footprint while optimizing screen space with brilliant edge-to edge Full HD IPS display technology. Available with a glare-free matte touch option.

Convenient connectivity: Numerous port options create an easy and centralized way to connect and share from your devices, including USB Type-C for faster data transfer speeds.

Innovative collaboration: A dual mic array, integrated speakers, optional pop-up webcam available with Full HD or infrared camera transform your collaboration capabilities. Available soon with Intel Unite® software to enable smart and secure meetings

OptiPlex 5260 All-in-One

21.5" narrow bezel fully-featured all-in-one desktop with optional touch display.

The right screen for the job: Choose the optional ten point multi-touch screen to enable pinch, drag and swipe capabilities. Or choose the non-touch, anti-glare display designed for the best screen experience for specific work environments.

Log on and collaborate with ease: Optional pop-up webcam available with Full HD or infrared camera features Windows Hello support, allows you to use your face as your password. The articulating stand lets you alter the position of your screen to view and share content, making this an ideal solution for interactive workspaces.

Stay connected: Port options including USB Type-C, streamline sharing and connecting with a simple and unified way to connect to all your devices.

OptiPlex 3050 All-in-One

Crafted for functionality and flexibility.

Brilliant at every angle: Picture every detail in stunning clarity with a 19.5" Wide Viewing Angle WLED display with HD+.

Created to collaborate: Integrated speakers, a dual array microphone, HD web camera deliver collaboration and communication capabilities.

Less clutter, more versatility: This flexible all-in-one offers multiple wireless options, while streamlining all connections to one single plug for a cleaner and more functional workspace.

Meet the OptiPlex Family Towers

When the desktop works your way, your efficiency is unlimited.

OptiPlex XE3 Tower and Small Form Factor

Industrial-grade desktop with an ultralong lifecycle and expandability options, featuring enterprise-class performance and management capabilities.

Long lifespan: A minimum three-and-a-half-year purchase lifecycle eases management and planning.

Durability where it matters most: From healthcare, retail, to the manufacturing floor, the XE3 is built to power industries, even in the most challenging physical conditions.

OptiPlex 7060 Tower, Small Form Factor and Micro

Premium desktops with ultimate expandability with optional Intel® vPro™ for remote and advanced out-of-band management capabilities.

Stunning and versatile: Supporting rich SSD and hard drive options, as well as next generation AMD or NVIDIA dual graphics for those who crave a better visual experience. Support up to three monitors with DisplayPorts, and optional VGA, DP, USB Type-C Alt Mode or HDMI 2.0b.

Future-proof your IT investment: Advanced M.2 PCIe NVMe, optional 2nd NIC Thunderbolt port and legacy support for serial, PS2 and PCI slots provide expandability options to keep up with business needs.

OptiPlex 5060 Tower, Small Form Factor and Micro

A full performance business workhorse designed for productivity featuring out-of-band manageability.

Manage seamlessly: Intel® Standard Manageability provides basic out-of-band management capabilities for more uptime end users and IT.

Work how you need: Its compact, tool-less design and versatile mounting options allow for easy serviceability and a clutter-free workspace, with plenty of expandability options.

Fully connected: Support up to three monitors with DisplayPorts, and optional VGA, DP, USB Type-C Alt Mode or HDMI 2.0b

OptiPlex 3060 Tower, Small Form Factor and Micro

Business desktops with performance you can trust and essential manageability options.

Work unimpeded: The compact, entry tool-less design and versatile mounting options allow easy serviceability and a clutter-free workspace.

Convenient connections: Support up to three monitors with DisplayPort, HDMI and optional VGA.
